

ACTIVITY PLAN

Grades: 4, 5

Subject: AI

Topic: Artificial Intelligence

Lesson: Real or AI? Activity

Objectives:

- Explain the capabilities and limitations of AI
- Identify the difference between content created by a human versus an AI

Materials:

- Computer or TV to display a slideshow of different images
- Slideshow:
https://docs.google.com/presentation/d/1lxdHoGcsLOc_pJ-2CgEwR2TZulBbrf1M9bdCphhOzrc/edit#slide=id.p

Instructions:

1. Project the slideshow on a board
2. Have students vote as a class to identify whether an image is human-made or AI-generated

Notes:

Allow time for students to discuss in groups whether they believe an image is AI-generated or not before voting
