Sustainability Defined – ([ClickCricket](#))

Sustainability is the ability to exist constantly. In the 21st century, it refers generally to the capacity for the biosphere and human civilization to coexist.

It is also defined as the process of people maintaining change in a balanced environment, in which the exploitation of resources, the direction of investments, the orientation of technological development and institutional change are all in harmony and enhance both current and future potential to meet human needs and aspirations."

A dramatic, dark blue-toned image of a stormy sky with multiple bright lightning bolts striking down. The clouds are dense and textured, creating a sense of power and intensity.

MnM ArcOne LLC

Lines of Business & Operating Co's

Our Services

MnM ArcOne consists of 4 operational business units including:

- **ArcOne** - Managed Cybersecurity Solutions
- **InspireOne** - Technology Professional Services for Business Enablement, Technology Modernization, Transformation, and Optimization
- **RippleOne** - Marketing, Event, Planning, Coordination and Management. **Social & Digital Media Artist Inspired Media Creations Community Outreach and Relations**
- **ArcWireless** - Tier 1 wireless reseller Including Verizon, AT&T & **Consumer Cellular**. Business Container (for personal vs. business) VPN & Encryption Solutions

PERSONAL SECURITY CONSIDERATIONS

INTRODUCTION

The U.S. continues to face a dynamic threat environment for targeted violence towards individuals or organizations that epitomize personal, political, or ideological grievances. This is further exacerbated by misinformation campaigns that aim to sow discord, shape public sentiment, and even encourage violence against individuals. To reduce the threat to personnel associated with ownership, operation, and maintenance of critical infrastructure, the Cybersecurity and Infrastructure Security Agency (CISA) recommends following basic security measures which are detailed below.

BEHAVIORAL INDICATORS

Critical infrastructure owners and their personnel can reduce the probability of becoming a victim of an attack by remaining vigilant and reporting suspicious behavior that individuals may exhibit, including:

- Expressing or implying threats of violence
- Posting personally identifiable information online with the intent to harm, harass, or intimidate
- Prolonging interest in or taking pictures of people or infrastructure in an unusual or covert manner
- Unauthorized people trying to enter a restricted area or impersonating authorized personnel
- Loitering at a location without a reasonable explanation
- Asking specific questions about business functions, security or employees
- Placing an object or package, either in a concealed or hidden manner, that has suspicious wires or other obvious bomb-like components, and abandoning it or leaving the area
- Avoiding security personnel or systems

PERSONAL SECURITY MEASURES

Applying basic security measures can enhance the protection of critical infrastructure and mitigate threats to personal safety.

- Being aware of surroundings and nearby activities
- Creating a personal or family emergency action plan
- Limiting personal information sharing in digital platforms.
- Avoiding text messaging or lengthy cell phone use while walking alone
- Hiding personally identifiable information and work credentials when in public
- Keeping hands free as carrying items may result in further vulnerabilities
- Letting a trusted person know where you are going, particularly if outside of daily functions, and when you plan to return
- Avoiding suspicious packages, and recognizing potential indicators of a suspected explosive device to notify law enforcement
- Changing predictable routines, such as the timing and routes to work, school, or places of worship
- Asking for help – contacting security or a co-worker for an escort to vehicle
- Staying in well-lit public areas and avoiding isolated streets
- Parking in well-lit and attended areas; exercising caution when using underground and enclosed parking
- Avoiding leaving personal belongings unattended, even for a few minutes
- Heading to nearest public gathering location, police station, or fire department if being followed
- Having a cell phone available to make emergency calls
- Trusting instincts and being assertive in decision making; calling for help from others or the police if feeling threatened
- Carrying simple to use protective tools, such as pepper spray, and a bright flashlight. If maintained on your person, ensure facilities allow entry of such devices.

For continued information on threats, visit the National Terrorism Advisory System web page at dhs.gov/national-terrorism-advisory-system.

Please visit cisa.gov/hometownsecurity for additional resources.

Our Vision, Our Children picking up STEAM

Science, Technology, Engineering and Mathematics or simply STEM is an educational curriculum that targets to develop competitiveness in science and technology among students. In this system, science refers to two out of its three branches: natural sciences (biology, physics, chemistry, etc.) and formal sciences (mathematics, logic, statistics, etc.) STEM also supports the widening studies in the field of engineering.

- **MnM Elementary**

STEAM – Our Vision, Our Children picking up STEAM

This program opens opportunity to all students, not only to gifted children, to further learn about sciences, technology, engineering, and mathematics. By fostering an interest in these studies at an early age, children are more likely to become passionate about the field in their later years of studying.

Whitney Elizabeth Houston (August 9, 1963 – February 11, 2012) was an American singer and actress. Nicknamed "the Voice", she is one of the best-selling music artists of all time, with over 220 million records sold worldwide.^[1] In 2023, Rolling Stone named her the second-greatest singer of all time.^[2] Houston influenced many singers in popular music, and was known for her powerful, soulful vocals, vocal improvisation skills, and use of gospel singing techniques in pop music.

Investor & Partner Business Justification Presentation

**THE
HEARTS ARK**
LAMBERTHEARTS.ORG

The Lambert Foundation (LambertHearts.org Inc) The Hearts Ark
Proposed Location – The Pacific Center (Sorrento Mesa CA)

Mission Statement:

The Hearts Ark. The Compassionate Voice & Advocacy for LambertHearts.org
Founded 2019, The Hearts Ark (LambertHearts.org Inc.) It was a Grassroots start-up, not for profit Public Benefit Company, a (501c3) Charity organization.

Closed during the on-set of the Pandemic, we have refocused our efforts, business strategy, product and service offerings. We also, rebranded under The Lambert Foundation name and are now in the relaunching phase seeking charitable contributions and private investors to make our Pacific Center proposition a reality.

What has remained consistent is our Mission to create scale and refined expertise, efficiently and strategically driving measurable, incremental & **repeatable outcomes within the Life Sciences Market**, while maintaining a renewed environmental awareness, advocacy and stewardship.

For more information, visit www.LambertHearts.org

**THE
HEARTS ARK**
LAMBERTHEARTS.ORG

Sterling Bay's first ground-up development in the flourishing San Diego sciences ecosystem, Pacific Center is an 800,000-square-foot life sciences campus optimized for an enhanced tenant experience. Located in the desirable Sorrento Mesa neighborhood, the development features three life sciences buildings, ample outdoor and collaboration space, parking, and a central, jewel-box amenity building that will house a food hall and fitness center.

Community OutReach
Program & Case Management

At The Lambert Foundation, Our Primary Purpose is to Always Provide a Solution to our Clients, the Individuals Within Our Communities, who are Struggling Most, who cannot Reemerge from Homelessness on their own and or Living in a Life, of Poverty.

Program Management - Partner Advocacy Services

The Lambert Foundation has an extensive group of partners in each of the communities that it has a presence, helping those who are aspiring to change their lives and are consistently consistent with their aspirations and actions.

Program Management

The Lambert Foundation under the DBA The Hearts Ark will provide a solution to those aspiring individuals through our partner networks and manage those relationships through advocacy of your success from start to finish.

Partner Advocacy Services

It's simple, we'll often act on your behalf through an official letter of agency and arrange partners to meet with you and to ensure your housing, or engagements with government resources are being followed up upon and held accountable for your success or reemergence from a life hopelessness (poverty & homelessness, etc.)

Partner Program Advocacy Services

Advocacy in working with the following entities:

- HHS - Health & Human Services Agencies Nationwide
- HUD - Housing & Urban Development
- Social Security Administration
- Personal Attorney's
- Local & Superior Courts
- District Attorney's
- Local, State and Sheriff Departments
- Constitutional or Civil Rights Law Enforcement - Commission for Social Justice (CSJ)
- Family Re-unification Projects

Legal Representation

- Illegal Lodging
- Loitering
- Illegal or Unconstitutional Requests by city government or police departments that your housing items or personal effects be moved in less than 30 days' notice (Injunctions), without providing adequate displacement assistance.
- Please refer to Encampment Restoration Unsolicited RFI to the City of Santee CA. A first, albeit small step in the right direction to decriminalize transients and for City governments to adopt new humane alternatives.

Case Management

Alternative solutions to our communities' greatest challenges, but an early peek into what we're referring to as treatment utilizing the Creative Arts extensively as a primary tool for behavior modification and cessation from addictive disorders.

World Health Organization

The 1947 Constitution of the World Health Organization states, “Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity.” [\(ClickCricket\)](#)

Case Management

These services will only be offered to those aspiring to change their lives to one of dignity and re-emerge as a productive member of society within each of their perspective communities. These treatments and programs will be Case Managed client/inpatient or on a client/outpatient basis.

In some cases, The Lambert Foundation through The Hearts Ark and Tier 1 partner hospital/clinic network may also utilize traditional treatment techniques, but emphasize and employ those traditional techniques within the scope of Human Re-Integration & ReGeneration Theory (HRirGT)™
