

PT Market Update – July 2024

Overview: The PT Market update is a monthly report that will provide readers with information regarding M&A activity within the PT market from the lens of the practice owner. The numbers reported below are posted publicly via press release or where PTPS&C has been provided permission to release the information. There are deals closing that are not publicly released and therefore not recorded in the report.

Summary: In July 2024, 7 transactions closed vs. 4 last year. Through July, we have 35 completed transactions, putting us on pace for 60 for the year.

On average there were 5.0 clinics per transaction. This is skewed due to a single larger transaction earlier this year. 77% of the transactions have 3 or fewer clinics with 69% having two or fewer.

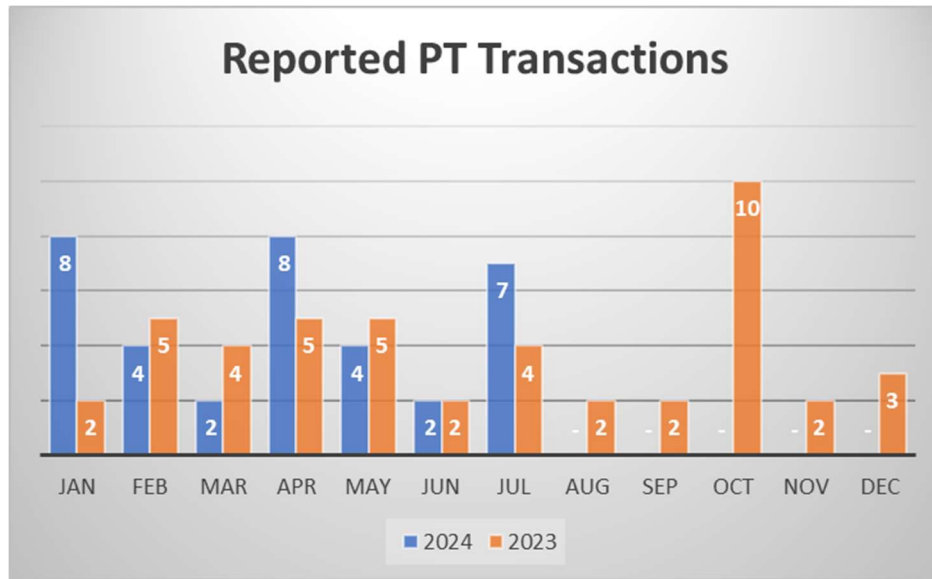

The pace is picking up and it will be interesting to see how the broader economy and specifically interest rates impact the pace for the rest of the year.

This report is now reaching over 3,000 readers each month. We appreciate your support! To sign up to have this report emailed directly to you or to provide any feedback, please email us with subject line SIGN UP at mike@physicaltherapybrokers.com.
