ECNWC INC. INTRODUCES
THE H.I.P.P.Y PROGRAM

Home Instruction for Parents of Preschool Youngsters (HIPPY) is an evidence-based program designed to empower parents, particularly mothers, in vulnerable and isolated situations, to be their child's first and most important teacher. The program provides structured learning activities for parents to do with their preschool-aged children (ages 3-5) to prepare them for school. HIPPY works by providing parents with the tools, resources, and support they need to actively participate in their child's early education. A home visitor meets with the parent weekly to guide them through activity packets designed to support early learning in areas like language, literacy, math, and science. The program aims to build parents' confidence, leadership skills, and social connections, fostering a stronger bond between parent and child. HIPPY was introduced in the region on April 1, 2025 with newcomers and immigrants as target participants. Please contact the East Central Newcomer Welcome Centre's Jenny Feliciano at jfeliciano@ecnwc.ca or call 306 783 2777 for more information.
