

Hello GVWGA Members,

I am excited to share my interest in becoming the **Vice President of our Genesee Valley Women's Golf Association**. Having been a member of this wonderful community, I have experienced firsthand the camaraderie, sportsmanship, and joy that our organization brings to everyone involved. Now, I want to step up and give back to the association that has given me so much.

The role of Vice President requires collaboration, strong organizational skills, and a commitment to supporting our President and board members. If elected, my primary focus will be to ensure our events are designed for our members' interest and are run seamlessly.

Beyond the logistics, I am passionate about:

- **Fostering an Inclusive Environment:** Ensuring golfers of all skill levels—from low handicappers to beginners—feel welcomed, valued, and encouraged.
- **Streamlining Communication:** Keeping everyone informed and engaged so that our members always know what is coming up next on the calendar.
- **Establishing a program for Giving Back:** Our association has received benefits from other organizations, such as the RDGA, over our many years of existence. It is now time for us to start giving back to others in the golf community.
- **Continued Progress for the Future:** Keeping our association moving forward with technical skill building and use of the digital world to simplify tournament setup, along with ease of event registration and payment.

I bring experience in project management and leadership from my 35-year career in engineering and management at Kodak and CooperVision. I have served on the Golf Genius committee for 3 years and supported the implementation of our Golf Genius Premium software. Currently, I am the chairwoman of the Rules and Handicap Committee. I am organized, approachable, and always ready to listen to your ideas and feedback to make our association even better.

Thank you for your time, your support, and your vote. I look forward to working together to make our next season the best one yet!

See you on the fairways (or maybe in the rough, as I find myself there often),

Kathy Myers
