

GVWGA Birdies and Skins Pools

Volunteers will be available at tournaments for players choosing to participate in Skins & Birdies for up to 15 minutes before the tournament starts. Then the table will be closed.

Birdie Pool – This is an individual contest against the course and does not include your handicap (dots). You play your game on every hole and when/if you get a scratch birdie (par -1) you have earned a portion of the pool within your flight. Pay outs will be available at the following tournament in an envelope with your name on it. Birdie Pool will be available for Medal and Team Events. \$5 each to participate.

***Eagle** – If a player gets a scratch eagle for a hole, the payout will be double. A player who birdies the same hole will also be entitled to a payout.

Skins Pool – This is a contest against other players in your flight and does include your handicap (dots). You play your game on every hole, the person with the lowest score on a hole wins the skin for that hole. Ties do not count. (This includes your dots on a hole)

Example: You have 3 dots on a par 5 and you shoot an 8. (this is equivalent to a par on that hole). If others in your flight don't get a par or better, you win the skin. No pay out for ties. No Skins will be available for Team Events. \$5 each to participate.
