

WHY DEBATE?

In a culture that has lost the art of logical and winsome rhetoric, Christians have a unique opportunity to communicate truth with integrity and grace.

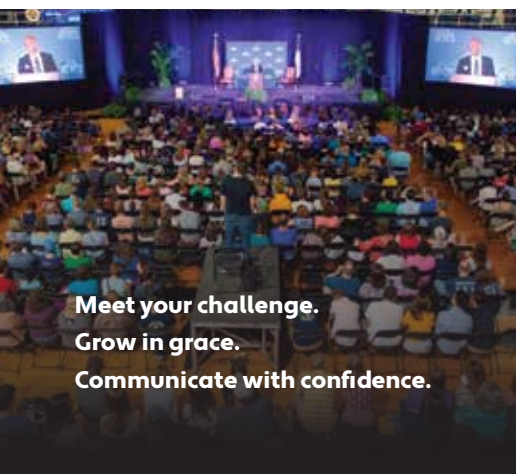

Are you ready?

Participation in debate provides:

- Improved critical listening and thinking skills
- Winsome and persuasive argumentation
- Effective research and writing

Participation in Christian debate cultivates:

- Tools to think about cultural issues through the lens of a biblical worldview
- Skills to apply truth to every field: the arts, sciences, politics, philosophy, and more

Meet your challenge.
Grow in grace.
Communicate with confidence.

NCFCA can help!

Since 2001, NCFCA Christian Speech & Debate League has empowered students to apply and communicate their worldview with skill and clarity. Whether a student is terrified of public speaking or loves a rousing debate, our training and competition will provide a supportive opportunity for them to apply a biblical worldview to real-life issues.
