

What is PGA HOPE?

PGA HOPE (*Helping Our Patriots Everywhere*) is a 6–8-week adaptive golf instruction program offered to Veterans free of charge by local PGA Professionals. The program is designed to introduce Veterans to the game of golf in an effort to enhance their overall quality of life. Whether brand-new to golf or have little experience, we want you to join us for this special golf program.

NO CLUBS, NO PROBLEM, CLUBS WILL BE PROVIDED AT NO COST TO THE VETERAN.

This program is open to all Veterans who do not play golf or have had limited exposure to the game. It is geared for those suffering with disabilities both mentally and/or physically so the game of golf can assist them with finding other veterans and becoming active within the community.

Each session will focus on the various golf skills you will need and use while playing the game of golf. After learning the basics, you will be guided onto the golf course to put your newfound skills into action for a fun filled graduation day of golf with fellow veterans.

Veterans who demonstrate a commitment to golf as a form of therapy by graduating from the program can be eligible for Local and National discounts to continue playing the game of golf to aid their recovery. Companions and/or therapists are always welcome to attend.

If you would like to **participate**, please register for the next session by contacting Rob Krieger at: rob@sgugolf.com or go to www.stgeorgegolflessons.com.
