

## GROUP INSTRUCTION CLINICS at Southgate Driving Range

These group clinics are designed to help new players learn the game of golf and realistically what they need to do to play on the course. Intermediate players can continue to improve their golf skills and improve their fundamentals. Optional play days will be available to get on the course to play unsupervised from their designated yardage and use the skills taught in class. **"Playing 4 Pars & Birdies (P4PB)"** classes focus on playing the game beginning at the green, 25 yards away, then move further from hole progressing to 50, 100 & 150 yards from the green. This modern approach to learning golf has less stress, pressure, and faster results. You begin learning how to make pars and birdies right away BECAUSE EVERY HOLE IS A PAR 4.

Advanced Players needing to improve a specific skill, can enroll in the Specialty - 1 Day Sessions.

## The First Tee - Program for Juniors

First Tee is a youth development program that helps kids build an inner strength that will empower them throughout their lives. By teaching them golf's principles & values, along with a life skills curriculum, we create fun, active learning experiences so they can play the game of golf for a lifetime. We strive to help them build their self-confidence so they can use it in everything they do.
