

To: The Grove WSC Membership

1 July 2026

Due to rising costs of operating The Grove WSC and the need to maintain and improve the Grove WSC we need to increase the water rate.

Since the last rate increase in July 2022 the cost of electricity, repair parts, insurance, and purchase price of water from the City of Gatesville and the Brazos River Authority have risen.

Current Water Rate:

Minimum Charge:	\$33.00
First 2000 gallons:	\$6.35 per 1,000 gallons
2001-10,000 gallons:	\$7.15 per 1,000 gallons
10,001-30,000 gallons:	\$7.90 per 1,000 gallons
30,001-50,000 gallons:	\$8.90 per 1,000 gallons
Over 50,000 gallons:	\$9.90 per 1,000 gallons

Proposed new water rate:

Minimum Charge:	\$37.00
First 2000 gallons:	\$9.75 per 1,000 gallons
2001-10,000 gallons;	\$10.65 per 1,000 gallons
10,001-30,000 gallons:	\$11.30 per 1,000 gallons
30,001-50,000 gallons:	\$12.30 per 1,000 gallons
Over 50,000 gallons:	\$13.30 per 1,000 gallons

Up to 2,000 gallons your bill would increase: Up to \$11.60 more monthly.

10,000 gallons your bill would increase: Up to \$34.400 more monthly.

30,000 gallons your bill would increase: Up to \$102.00 more monthly.

30,000 to 90,000 gallons your bill would increase: Up to \$306.00 more monthly.

Billing at the new rate would begin 1 July 2026.

Respectfully

The Grove WSC Board of Directors
