

Welcome to the American Party of Canada

TIME TO TURN OVER A NEW LEAF

We are thrilled that more Canadians like you have decided to shake off the chains of tyranny and corruption, and step with us boldly into the American experiment, on our own terms. We are a new party that seeks to build riding associations in all 338 ridings across Canada, and to find exceptional candidates to run in each of these ridings, prepared to not only boldly step in to this new future, but to be the leaders of tomorrow.

As our party grows and continues to build momentum, we seek the preservation of our cultural identity. What does it mean to be a Canadian anyway? For far too much time, we have defined ourselves as not being that which we are, Americans. In our view, Canadian Americans are some of the brightest and most talented people on the continent. From inventing baseball and basketball, to our world class actors, comedians and musicians to our technological innovative achievements like developing the first jet to break the sound barrier and the Canada arm; Canadian Americans have contributed greatly to the development and achievements of the United States of America.

Despite the hardships and rough times we've faced, Canadian Americans have always risen to the challenges that have faced us with both dignity, and honour. We're proud to have you among the founding members of our party, and humbled that you've decided to step into the pages of history with us. This does not mean there will no longer be obstacles to overcome or hardships to endure. Our party has set a bold new vision for these United States, one that challenges the corrupt and unscrupulous who have taken

advantage of and abused our people for far too long. Our fight for liberty has only begun, and we won't stop until this fight has been won.

May God Bless You, and May God Bless these United States of America.

Sincerely

Thomas C. Kennedy
