

Gold Country

Geocache Crawl Tracker

Welcome to Gold Country's Logan Lake Geocache Crawl

Geocaching is a real-world treasure hunt where you search for hidden containers (called geocaches) using a GPS device, Google Maps, or the Geocaching app.

Gold Country Geocaches

Use the Geocaching app, Google Maps, or a GPS device to find official Gold Country GeoTour caches.

Each cache listing includes coordinates to guide you to the location:

- If you're using the Geocaching app, search for the GC code listed under each cache name.
- If you're using Google Maps or a GPS device, enter the latitude and longitude coordinates exactly as shown on the listing.

Follow the directions to get close—then start hunting! The containers are camouflaged, so take your time and look carefully.

Crawl Caches (Friday–Sunday only)

These special event caches are not listed in the Geocaching app. To find them, visit exploregoldcountry.ca/crawl for the daily coordinates.

Use GPS or Google Maps to navigate—then start hunting just like the others!

How to Play

At each cache—whether it's a Gold Country or Crawl cache—take a sticker from the container and place it in the matching spot on your crawl sheet.

Earn Rewards

Collect any 5 stickers to receive a swag reward and one entry into the Grand Prize Draw.

For every additional cache you collect after that, you'll earn 5 bonus entries.

Name: _____

Email or Phone #: _____

How to Submit Your Completed Crawl Sheet

You can submit your sheet in any of the following ways:

Hand it directly to Kat from Gold Country if you see her during the weekend
Drop it off in person at the Cache Creek Visitor Information Centre anytime this summer

Email a clear photo or scan to: goldcountry@telus.net

Mail it to: Gold Country, Box 933, Cache Creek, BC V0K 1H0

If you submit by email or mail, we'll contact you with the details of your swag reward using the information provided on your sheet.
