- And much more ...

About Siemens

For more than 160 years, Siemens has been an integral provider of infrastructure, electrification, and transportation solutions in the United States. From the first light rail vehicles that were delivered to San Diego, California to the 30,000 rail crossings across America, Siemens Mobility has contributed the power of connection, jobs and investment to our American cities with eight manufacturing facilities, nearly 4,000 employees, and more than 2,000 suppliers across the United States.

Presenters

- Ms. Leticia Negron | DBE/MWBE/SDVOB Compliance Manager | Siemens Mobility, Inc.
- Ms. Michelle Picard | Director, Business Governance & Risk Management | Siemens Mobility, Inc.
- Ms. Natasha Vialva-Haynes | Director of Supplier Diversity | Siemens USA
