EPISODE 5

This episode of *INSPIRATIONAL* features a “True Story” from the life of **Ms. Chitra Lele** (Young Entrepreneur, Founder: Chitra Lele & Associates, Software Engineer, Peace Poet, Academic Author and Research Scholar)

*“Hanging in between virtual and real*

*I experience a strange kind of a feel*

*That makes my head reel*

*As though I am spinning on a wheel.*

*Entangled in the tapestry of time sans hope*

*The higher essence begins to pull*

*Me out with its magic rope*

*To put an end to the cacophony played by push-n-pull.*

*My brain is fuelled with growth fire*

*By my dual role of student and engineer,*

*But what keeps my inner spark ignited*

*Are writing books and promoting peace united.*

*My passion for writing academic books  
Has taken me to new places to meet new faces.  
And has aided me to go beyond the outer looks.  
This is what I call gracious graces.*

*Beyond the fleeting external life  
Is the limitless inner life  
And it is here that I found  
My purpose of peace-making abound.*

*Holy hues of purpose and passion—  
Their fine feathers so serene  
Have now spread the wings of compassion  
Across the wondrous world within.*

*Merged in the Greatest Being,  
And with the ointment of well-being,  
My essence is revived  
And I feel no more deprived.*

*In each and every cell  
Of mine, you will find a reflection of the divine.  
This is my life story in a nutshell.”*
