8. Gated Community (HOA) - Monthly HOA Cost Thresholds

We are trying to determine for those that are interested in having a Gated Community (HOA), what are we willing to spend? This will help us as we do the research. If as we gather data and information the costs are not in alignment with the expectations of the community, we'll cease the research and not waste time on something that will not bear fruit for the community. The monthly costs would cover things like road maintenance, common area landscape maintenance, security, gate maintenance, other??? The higher the monthly fee the higher the investment can be in security patrols, cameras at entrances, etc.

Check all that apply.

	\$50 - \$150	\$151 - \$250	\$251- \$350	No Interest in HOA
