

United States Department of Agriculture

The Black Mesa Ranger District is hiring seasonal employees for the 2026 recreation season, supporting public access, visitor services, and stewardship of national forests and grasslands. We are focusing our hiring on local residents. We are interested in applicants of all ages from recent high school graduates to retired individuals. No experience needed. Applicants must be able to work successfully with a team, be adaptable and flexible and enjoy working with the public.

Available positions are in recreation, administrative support, and visitor services. Seasonal employment with the Forest Service offers individuals the opportunity to work outdoors, build transferable skills, and explore careers in public land management.

Opportunities **open on February 20, 2026**. Applicants are encouraged to review job announcements carefully for deadlines and required materials.

**Interested applicants must apply
on [USAJOBS.gov](https://www.usajobs.gov) beginning February 20, 2026.**
