

It's a Parade!

This might be the most fun thing you do all year! When you turn the corner onto Hwy 260 there are going to be THOUSANDS of people really glad to see you!

We hope you and the spectators have the time of your life but we must ask a few things from you to help make that happen.....

★ This year's parade will start at **9am**, please be ready to begin moving your float or entry by 8:30am to prevent any confusion or delays at starting time.

★ All parade entries will be asked to complete the entire parade route which will end at the East Entrance to Tall Timbers Park.

★ The parade does not include a wet zone....so please
NO WATER !!!!!!!

★ **Don't throw candy "from your float"** - that stuff hurts!

★ **Watch out for the kids** - in truth, they love this parade more than any of us and the last thing we want is for any of them to get hurt.

★ Be cool! That means please do not burn rubber, tailgate the folk's in front of you, litter, that sort of thing.

★ **HAVE FUN AND BE SAFE!**
