Join us for upcoming hand-building workshops in September and October. Each session will focus on creating a different item, such as decorative pumpkins, pumpkin candle holders, ghosts, cauldron yarn holders and more. We welcome suggestions for additional project ideas.

The workshops consist of 2 sessions: the first for hand-building the piece, and the second for glazing. Classes are limited to six participants and tend to fill quickly. Registration can be completed by phone or in person at Pots Plus. A registration fee of \$25.00 is required at sign-up to secure your spot; this fee covers the first session. Each session is billed separately at \$25.00, which includes all materials.

Once your piece has been fired and is ready for pickup, we will contact you. We also provide private sessions for groups of six or fewer.
