

### Limited Warranty

J & J Global, LLC (Seller) warrants to the original Buyer only, that each product will be free from defects in material and workmanship for a period of one (1) year from date of purchase. SELLER'S SOLE OBLIGATION AND BUYER'S EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY SHALL BE THE REPAIR OR REPLACEMENT OF PARTS, WITHOUT CHARGE, WHICH ARE DEFECTIVE IN MATERIAL OR WORKMANSHIP. ANY PARTS AS DETERMINED BY THE SELLER WHICH HAVE BEEN MISUSED; ABUSED OR DAMAGED EITHER DIRECTLY OR INDIRECTLY FROM REPAIRS OR ALTERATIONS ATTEMPTED BY UNAUTHORIZED PERSON; IMPROPER MAINTENANCE, NEGLIGENCE OR ACCIDENT ARE NOT COVERED BY THIS LIMITED WARRANTY. This warranty does not apply to damage, heat-induced coloration changes, scratching or alteration due to normal use or weathering. To make a claim under this Limited Warranty, email [contact@ezreplacement.com](mailto:contact@ezreplacement.com) or visit [www.ezreplacement.com](http://www.ezreplacement.com) for warranty questions and claims.

#### Additional Limitations

THIS LIMITED WARRANTY DOES NOT APPLY TO ACCESSORY OR CONSUMABLE ITEMS RELATED TO THIS PRODUCT. ALL IMPLIED WARRANTIES SHALL BE LIMITED IN DURATION TO ONE (1) YEAR FROM DATE OF PURCHASE. IN NO EVENT SHALL SELLER BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO LIABILITY FOR LOSS OF PROFITS, ARISING FROM THE SALE OR USE OF THIS PRODUCT.

If any provision of this Limited Warranty is for any reason held to be invalid or unenforceable, such provision shall not affect any other provision herein, this Limited Warranty shall be construed as if such invalid and/or unenforceable provision had never been contained herein.

This warranty gives you special legal rights, and you may also have other rights which vary from state to state.

This warranty contains the entire agreement between Seller and Buyer and supercedes any and all prior agreements, arrangements, or understandings between the parties relating to product warranty.

Due to ongoing product development the actual product or products may vary from the illustrations or photos shown within this manual.

# Adjustable Height Standing Patio Heater w/ Remote Control

Sku: 101010

Read the instructions and precautions before use of this product

Please keep this instruction manual for future reference

For warranty information, please refer to the back page of this instruction manual.

## Important Instructions Continued

- 33. Surface temperatures become very hot when operating heater. Children and adults should stay away to avoid burns or clothing ignition.
- 34. Young children should be carefully supervised when they are in the area of the heater.
- 35. Extreme caution is necessary when any heater is used by or near children or invalids and whenever the heater is left operating and unattended.
- 36. Always unplug heater when not in use.
- 37. Do not operate any heater with a damaged cord or plug or after the heater malfunctions, has been dropped or damaged in any manner. Discard heater, or return to authorized service facility for examination and/or repair.
- 38. Connect to properly grounded outlets only.
- 39. Do not insert or allow foreign objects to enter any ventilation or exhaust opening as this may cause an electric shock or fire, or damage the heater.
- 40. To prevent a possible fire, do not block air intakes or exhaust in any manner. Do not use on soft surfaces, like a bed, where openings may become blocked.
- 41. A heater has hot and arcing or sparking parts inside. Do not use it in areas where gasoline, paint, or flammable liquids are used or stored.
- 42. This heater may include an audible (a visual) alarm to warn that parts of the heater are getting excessively hot. If the alarm sounds (flashes), immediately turn the heater off and inspect for any objects on or adjacent to the heater that may cause high temperatures. **DO NOT OPERATE THE HEATER WITH THE ALARM SOUNDING (FLASHING).** (Omitted if an alarm is not required per Alarms, Section 30.)

### CAUTION: EXTEND OR UNFOLD LEGS BEFORE OPERATING

#### Grounding Instructions:

This heater is for use on 120 volts. The cord has a plug as shown at A in figure below. An adapter as shown at C is available for connecting three-blade grounding-type plugs to two-slot receptacles. The green grounding lug extending from the adapter must be connected to a permanent ground such as a properly grounded outlet box. The adapter should not be used if a three-slot grounded receptacle is available

#### Cleaning:

Unplug the unit before cleaning. It should be wiped with wet cloth. Don't use too much water. Any other servicing should be performed by an authorized service representative.

## Important Instructions

When using electrical appliances, basic precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons, including the following:

1. Read all instructions before using this heater.
2. The unit must be placed with the clearance of 100cm to the wall and 30cm to the ceiling.
3. This heater is hot when in use. To avoid burns, do not let bare skin touch hot surfaces. If provided, use handles when moving this heater. High temperature, keep combustible material such as furniture, papers, clothes, curtains at least 3 feet (0.9m) from the front of the heater and away from the side and rear.
4. The unit must be securely placed on a horizontal and flat surface.
5. The unit is at high temperature during operation. It keeps hot for a period after shut down. Potential danger would occur when touching it during this period.
6. Don't place the unit close to curtain and/or other flammable objects. Otherwise there will be a danger of catching fire.
7. Don't cover the unit with anything during operation or a short time after it's shut down.
8. Don't wrap the power supply cord on the unit.
9. The unit must be handled with care, and avoid of vibration or hitting.
10. The unit must be securely grounded during operation.
11. When damaged, the unit must be repaired by professional repairing team.
12. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
13. The heater must not be located immediately below a socket-outlet.
14. When assembling, keep clear from any board or flammable material.
15. Do not use this heater with a programmer, timer or any other device that switches the heater on automatically, since a fire risk exists if the heater is covered or positioned incorrectly.
16. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
17. Children should be supervised to ensure that they do not play with the appliance.
18. The unit is for household use only. It's not allowed to use in building site, greenhouses, barn or stable where there's flammable dust.
19. The head of the unit is at high temperature during operation. Unplug the unit and wait till it's cool before cleaning.
20. This heater is not intended for use in bathrooms, laundry areas and similar indoor locations. Never locate heater where it may fall into a bathtub or other water container.
21. Don't use this unit in place where causticity or volatile air exists, i.e. dust, steam, gas, etc.
22. Don't use this unit as a cloth drier or towel drier.
23. Don't use this unit as a sauna heater.
24. Don't use this unit as a room heater or heat storing.
25. Don't use this unit in place of animal propagating and raising.
26. Don't use this unit in heating system of hot air centre.
27. Don't immerse this unit into water for cleaning.
28. The unit should be plugged in a socket, which is easily visible and reachable.
29. To avoid potential fire hazards, do not run your heater or its electrical cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Do not route cord under furniture or appliances. Arrange the electrical cord away from traffic areas and where it will not be tripped over.
30. To disconnect heater, turn controls to off, then remove plug from outlet.
31. Use this heater only as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons.
32. Always plug heaters directly into a wall outlet/receptacle. Never use with an extension cord or relocatable power tap (outlet/power strip) because the extension cord may overheat and cause a risk of fire.

## Package Contents

<b>A</b> x1	Control Box 	<b>B</b> x1	Straight Tube 	<b>C</b> x1	Outer Fastener 	<b>D</b> x1	Upper Tube 
<b>E</b> x1	M6*12 Screw 	<b>F</b> x2	Cord Clip 	<b>G</b> x1	Middle Tube 	<b>H</b> x1	Lower Tube 
<b>I</b> x1	Base Cover 	<b>J</b> x1	Base 	<b>K</b> x1	Washer 	<b>L</b> x1	L Screw 
<b>M</b> x1	Heater Housing 	<b>N</b> x1	Grill Guard 	<b>O</b> x4	Tapping Screw ST3*10 	<b>P</b> x1	Remote 
<b>Tools Required:</b>							

Read this instruction manual carefully before assembly and use. Keep this instruction manual in a proper and safe place for future use in case needed.

# 1

## Assembly

1. As shown below, insert grill guard (N) into the gaps between steel board (#1,#2) and heater housing (M). Screw together using tapping screws (O).
2. As shown below, put lower tube (H) through the hole of the base cover (I) and base (J) making sure the end of lower tube with welded plate is downward, and the extra tongue is located in the sink of the base. Fix lower tube and base together with washer (K) and L screw (L).
3. Install middle tube (G) on top of lower tube. Pull straight tube (B) upward from inside of upper tube (D). Screw outer fastener (C) clockwise to lock it. Then install upper tube (D) on middle tube (G).
4. Turn outer fastener counter-clockwise and adjust the unit to desired height. Turn it clockwise to lock into position.
5. Insert straight tube (B) into hole on bottom of control box (A). Then fix them together with screw (E).
6. Clip power supply cord with cord clips (F). Fix them onto the tubes.
7. As shown below, the tilting of the heater is adjustable for 25°. Adjust it to desired angle when necessary.

# 2

## Operation

1. Plug the unit into a socket. Make sure the power supply is same as rated. The blue indicator light starts flashing, which means it's in standby status.
2. Press "ON" button on the control panel or the remote controller to switch on the heater. Then the blue indicator lights up.
3. To switch off the heater, press the "OFF" button on the control panel of the heater. After pressing the "OFF" button on the control panel, the blue indicator light should turn off. Pressing the "OFF" button on the remote control with shift the heater to standby status and the blue indicator light will flash.
