Warranty

LIMITED WARRANTY

WHAT IS COVERED

The manufacturer warrants to the original buyer only, that this product will be free from defects in material and workmanship for a period of one (1) year from date of purchase. The manufacturer's sole obligation and the buyer's exclusive remedy under this limited warranty shall be the repair or replacement of parts, without charge, which are defective in material or workmanship. Any parts as determined by the manufacturer which have been misused; abused or damaged either directly or indirectly from repairs or alterations attempted by unauthorized persons; improper maintenance, neglect or accident are not covered by this limited warranty. This warranty does not apply to damage, heat-induced coloration changes, scratching or alteration due to normal use or weathering. To make a claim under this Limited Warranty, you must return the complete product with proof of purchase, transportation prepaid, to any authorized service center. Contact the Customer Service Team www.ezreplacement.com.

WHAT IS NOT COVERED

This limited warranty does not apply to accessory or consumable items including batteries related to this product. All implied warranties shall be limited in duration to one year from date of purchase. In no event shall the manufacturer be liable for any incidental or consequential damage, including but not limited to liability for loss of profits, arising from the sale or use of this product. If any provision of this Limited Warranty is for any reason held to be invalid or unenforceable, such provision shall not affect any other provision herein, this Limited Warranty shall be construed as if such invalid and/or unenforceable provision had never been contained herein.

Pre-Installation

PLANNING INSTALLATION

PACKAGE CONTENTS

Part	Description	Quantity
A	Solar panel/battery compartment	1
B	Solar umbrella assembly	1
C	Umbrella Pole	1

Assembly

1 Attaching the solar panel

- Position the solar panel (A) on top of the umbrella (B).
- Insert the connector plug (1) attached to the umbrella into the receptacle located on the back of the solar panel (A).
- Insert the solar panel stem (2) into the top of the umbrella. Turn the solar panel (A) clockwise to lock and secure.

2 Attaching the umbrella to the umbrella pole

- (See Figure 2) Align hole at end of umbrella (B) with push button at top of lower umbrella pole (C).
- Depress push button and insert umbrella into lower umbrella pole until push button locks.
- Place umbrella upright in a heavy weighted stand (not included), and table capable of firmly securing the umbrella.

Operation

1 Turning on the solar lights

- Once the batteries are fully charged, place the power switch to the ON "I" position.
 - Refer to the section entitled "Charging the batteries".
- Notice: Set the switch to the off "O" position when solar

2 Adjusting the umbrella up or down

- Using the crank handle, raise umbrella to desired height. Turn crank handle clockwise to open the umbrella.

Operation (continued)

3 Adjusting the umbrella tilt angle

- With the tilt button pushed inward, move umbrella to desired location, then release button to lock in position.
- With the tilt button pushed inward, move umbrella to desired location, then release button to lock in position.

4 Charging the batteries

- Verify that the power switch (1) is in the OFF "O" position.
- Place the fully assembled solar umbrella in full sun, away from streetlights or other light sources where it will receive direct sunlight for at least 8 hours per day.

NOTE: The rechargeable batteries are preinstalled from the factory. Before operating, the batteries need to be fully charged. The batteries require at least 8-hours of full sunlight to charge.

NOTE: The number of hours light is illuminated is directly proportional to the number of hours of sunlight it receives. The solar panels cannot recharge the batteries if light is obstructed.

1 Replacing the batteries

- ❑ We recommend replacing rechargeable batteries once a year.
- ❑ Place the power switch (1) to OFF "O" position.
- ❑ Lower the solar umbrella, and place it on a flat non-abrasive surface.
- ❑ Remove the solar panel (A) from the top of the umbrella, turn counter-clockwise to unlock and separate.
- ❑ Carefully unplug the connector plug (2) from the solar panel receptacle.
- ❑ Remove and retain the four small screws (3) from the cover (4) and remove the cover.
- ❑ Remove and replace the old batteries with new rechargeable batteries of the same rating.
- ❑ Install new batteries in the proper direction and reference polarity (+/-) markings on the battery compartment (5) for the correct placement.
- ❑ Replace the battery cover (4) and secure with four screws retained.
- ❑ Insert the umbrella connector plug (2) into receptacle located on the bottom of the battery compartment.
- ❑ Insert the solar panel back into the top of the umbrella.
- ❑ Turn the solar panel clockwise to lock and secure.
- ❑ Refer to the section entitled "Charging the batteries" on page 5 to restore the solar lights to full operation.

Care and Cleaning

- Gently clean the solar panel and LEDs with a soft cloth. Do not use abrasives or chemicals to clean the solar panel. Remove dust and debris using a soft cloth or duster.
- Rinse the umbrella with clear, clean water. If necessary, use a gentle fabric cleaner, rated safe for polyester fabrics.

Limited Warranty

J & J Global (Seller) warrants to the original Buyer only, that each product will be free from defects in material and workmanship for a period of one (1) year from date of purchase. SELLER'S SOLE OBLIGATION AND BUYER'S EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY SHALL BE THE REPAIR OR REPLACEMENT OF PARTS, WITHOUT CHARGE, WHICH ARE DEFECTIVE IN MATERIAL OR WORKMANSHIP.
