To whom it may concern,

My desire is to provide myself as a dedicated employee and team member that is committed to quality, sense of urgency, attentiveness and utmost concern for profitability. My primary goal is to make positive contribution to the company while expanding personal skills, knowledge and expertise to be able to provide for the company's future needs and growth.

The many years of experience that I have in my field, is what I can bring to the table so as to provide greater value to your company.

I would be delighted to discuss this further at your convenience. Respectfully yours,
