

Holiday Editorial Portfolio

Selected holiday images available for editorial use; high-resolution originals supplied on request.

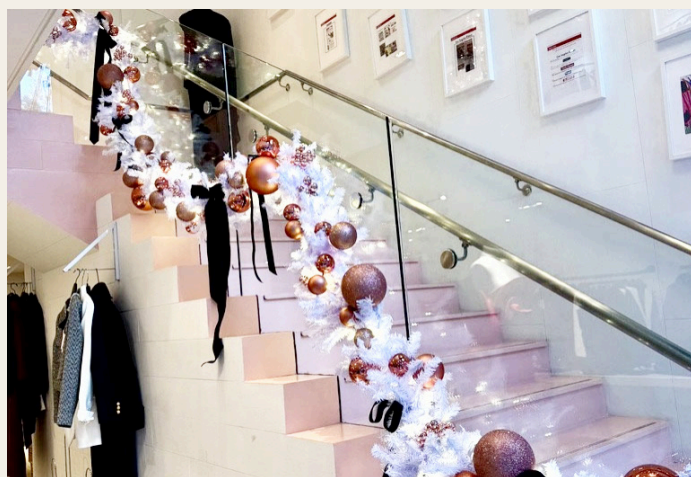

Classic red-and-gold holiday décor unifies a grand tree, mantel and upper gallery.

Cascading greenery transforms a chandelier, complemented by a coordinating mantel garland.

A warm, golden tree and layered mantel bring holiday character to an inviting living room.

White garland, metallic ornaments and black velvet bows frame a blush-pink staircase.

Mixed greenery follows the arched entrance of the White House History Shop.

Evergreen garland, sculptural moss accents and patterned ribbon create a richly textured mantel.
