

THE BUZZ

Loughborough Lightning Beth Cobden Training Session ⚡

We had the amazing opportunity to host an evening training session with Loughborough Lightning and Vitality Roses superstar Beth Cobden! Beth ran two fantastic sessions, giving every club member a chance to sharpen their defensive skills.

Thanks to Foundation Derbyshire's generous grant, we were able to cover the session and court fees, making it free for everyone to attend. It was incredible to have the whole club involved, learning valuable drills and strategies that will benefit all five of our teams —from our newest players to our seasoned squads.

A huge thank you to Beth Cobden for her time and expertise and to Foundation Derbyshire for making this unforgettable experience possible!

15 Years of Bee's

In September, we held our annual Queen Bee's Awards night to celebrate the success of the last year! The night is always a great way for the club to celebrate together and recognise the achievements and dedication that our beautiful bees have shown in their teams and the club.

It was an extra special night as we also celebrated 15 years of the Queen Bee's - it's crazy how we've grown from a small group of friends to an established club of 6 teams!

"The Bees social team put on an incredible night, with food, drink, games and even a bit of karaoke! The Club has come a long way since the days of first starting out as training with a small group of friends. We now have 45+ members, a coaching team and a mixture of happy faced old and new Bees playing nearly every night of the week!"

Congratulations to all of our winners! They are all well deserved, and it is lovely to see so many of our members being recognised for their performance on the court.

A special thank you to our 2023/2024 committee for organising and planning an incredible evening to help us celebrate the last season and reflect on the many (many!) events we've been a part of this year!

Here's to a great 2024/2025 season in your teams - including our brand new social team "Swarm" becoming our 6th Queen Bee's team for the new season!

Our 2024/25 Committee

Here's our new 2024/25 Queen Bee's committee which includes some new faces! These 10 Bees help make the Club the warm and welcoming place it is and support the background running of the Club. This year, we voted under a new Constitution, which was created to make sure the running of the Club is as smooth as possible.

“Another year of five competitive teams for Bees! Super excited to see two teams enter Two Counties for the first time and hope that all players will feel challenged in their leagues this year. We also have a Swarm of Bees to make a social team this year. Thank you to those who want to play twice to support this. Here’s to a successful season!”
