Financial Policies Agreement

Payment for services provided by Impact Psychiatric Care, LLC is due at the time services are rendered unless special arrangements have been made in advance. If the patient is covered under insurance, payment of any applicable co-payment, co-insurance, or deductible is due at the time of service. If we are not contracted with the insurance, payment for services is due in full at the time services are rendered. We will bill your insurance on your behalf, and reimburse you any applicable credits. We make every effort to verify your coverage with your insurance. However, we strongly encourage you to verify your benefits and coverage to make sure that you fully understand your coverage. Some services may not be covered by health insurance. You agree to be fully responsible for payment for all services that are not covered by your health plan. This may include charges for telephone consultations, written correspondence, or reports in connection with a client’s evaluation or treatment, including consultation or correspondence with the client, family members, past or current treatment providers, educational professionals, attorneys, courts, agencies, or others. Limited telephone consultation is part or routine patient care and is undertaken without charge. However, when extensive telephone consultation or other than routine written correspondence or reports are requested or required, a charge for these services will be applied. If these charges are excluded from your coverage by the health plan, they will be your responsibility.

There will be a charge of $25.00 including any applicable fees from the financial institution(s) for any return checks or credit cards. Payment is due on or before the next appointment.

By signing this Acknowledge Agreement, you agree to be responsible for all charges resulting from your care provided by the Practice, even if you believe that some other party should be responsible.
