Welcome to the Wisniewski insulated side hinged DoorPro & DoorTherm range, brought to you by JDUK Door Systems

DoorPro & DoorTherm Insulated Side Hinged - Single or Double Leaf.

Insulated side hinged doors offer the possibility to adapt perfectly to the rest of your home. Thanks to the use of panel designs S, M & L Ribbed, Georgian and V-line microwave, They can also be perfectly adapted to a sectional garage door. A wide range of colours and laminates, as well as decorative applications and glazing, offer endless possibilities. Single leaf pass doors are the ideal solution in residential construction, as a side entrance or as a door to the garage.

Thanks to advanced technologies, proven materials and Wisniewski's own innovative technical thinking, we give our customers the certainty of a good choice. We have an integrated Management System, certified on the basis of the quality standard ISO 9001: 2008 and Occupational Health and Safety OHSAS 18001:2007. This is striving for continuous improvement of processes and products. Our experience is a guarantee of stability and responsibility for the product throughout its entire life cycle. It is also a promise of the highest quality and user safety.

An Abundance of Colours

Colour is the first feature our senses react to. We made sure that each of our customers can find the colour they are looking for. Our garage doors can be manufactured in RAL classic palette colours and in wood effect finishes. Together with our range of structures and extra decorative elements, this gives you hundreds of options for a totally bespoke design.

Choose from over 200+ colours from the RAL classic palette excluding pearlescent and fluorescent colours, please check availability. Colours are for illustration purposes only. Please request a swatch card.
