

Puppy – Learning the Ropes!

This puppy class is designed to help you learn how to effectively communicate with your puppy as well as teaching them to understand what you're asking of them.

In this eight week course we'll cover;
The basics - sit, come, stay, leave, drop and place
Along with;

- Proper socialization and greetings
- Understanding and working with Impulse control (teaching you how to read your puppy and have them make the right choices)
- Using marker words to help keep your dog focused on you

The goal is to help you build confidence within yourself, your puppy and understand how to implement the techniques that are going to make both you and your puppy successful as they grow up.
