

ABOUT

The formation of this new non-profit art organization can be traced to the 2019 Loveland Art Show. The previous arts council no longer sponsored the event, so a group of local artists partnered with the City of Loveland to bring back this beloved tradition.

The success of that event sparked a desire to initiate an art-advocacy organization. Local artists continued to meet, and in April 2021 they mapped out a "Loveland Art District" vision that they shared with the City Council's new Arts Commission.

The artists then held a public meeting to formally organize their efforts, which led to the formation of the first annual Loveland Art Gallery Crawl, held June 19, 2021.

The Art Crawl's success led to the formation of the Art League of Loveland (or ALL), a non-profit, visual arts advocacy organization.

We encourage you to join our efforts to **SPARK ART!** – and to help the visual arts & artists thrive. ALL are welcome!
