**Osics, LLC**, is a veteran owned business with over 25 years of IT experience, to include; network integration, IT management, engineering, policy creation and risk management, 15 years consisting of direct information assurance support.

**Osics, LLC** was formed in 2016 with two major initiatives, to serve as an industry entry point for transitioning veterans and to provide expert information security services to companies at an affordable price without sacrificing quality. Our services are designed to empower your team and outfit them with the tools they need to succeed in protecting your valuable information and assets, in the state, federal and commercial arenas.

Our experts maintain top industry certifications to include:

- Certified Information System Security Professional
- Certified Cloud Security Professional
- Certified Expert Independent Assessor
- Certified Authorization Professional
- Healthcare Information Security and Privacy Practitioner
- Certified Ethical Hacker
- and more.....
