Vitae-Elixixir is a proprietary combination of herbs, they are used to help maintain good health or for those with health issues. Vitae-Elixixir nutritional adjunct is compatible with traditional treatments or by itself. It is beneficial to those with allergies, virus, bacteria, fungi or parasite issues. Telephone our office for a consultation to determine the most beneficial protocol to use. After beginning the herbal program we encourage you to keep in contact with our office so we can answer questions and address any issues you may have.

GENERAL INFORMATION

There is no conflict with prescription or non prescription medications or OTC products, food, beverage, vitamins or other herbal products. Prescriptions can be taken before or after the herbal extract.

Our products have no restricted shelf life it does not deteriorate or lose potency.

You do not need to refrigerate, reasonable heat or cold will not affect it.

Drop size and consistency coming from the bottle will vary.

If the bottle is plugged you can use a fork tine to clear the opening and make the hole larger.

If too thick you can dilute with a small amount of tap water.

Stains can be removed with bleach, vinegar, lemon juice or rubbing alcohol.

This is not a replacement for traditional health care.

Our products can also be used with animals, such as cats, dogs and horses.

Manufactured in the USA
