RULES

Welcome to OctoBall, a fun and easy-to-play game that's perfect for players of all ages!

SET UP

1. Set up the OctoBall hoop by clicking all the pieces together. Connect it to the tripod base
2. Adjust the height to suit your taste and skill level - a good rule of thumb is to set the ring at the shortest player's chin height, or wherever the group prefers.
3. Use a game of chance (like a coin toss) to determine who serves first
4. After game starts, the winner of the previous round serves first

GAME PLAY

1. Serve underhand from behind the 5-foot line.
2. Teams/players may hit the ball up to 3 times before returning it toward the hoop.
3. If the ball hits the hoop and rebounds back, that team is awarded 3 more hits.
4. If a team uses more than their allowed hits, the opposing team scores a point and serve next.
5. If the ball hits the ground, the opposing team scores a point.

WINNING

1. Games are 3 rounds typically played to 7 or more points (or any odd number).
2. You must win by rounds by 2 points. Best 2 out of 3.

PENALTIES

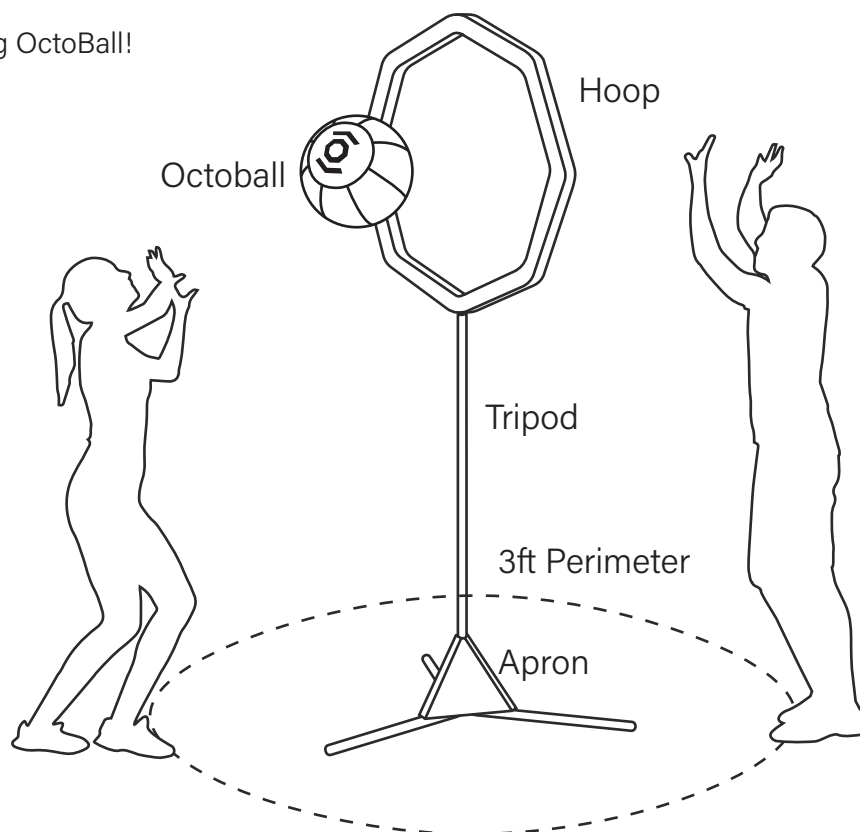

No Blocking the ring

No shots closer than 3 feet from the hoop

If your body touches or knocks the ring the opponent gets a point

No "Schwacking" (hitting the ball aggressively). If a player schwacks the ball, the non-schwacking team is awarded a point. Play with finesse and control.

Have fun playing OctoBall!
