MedPure™ Face Masks

Our 3-Ply Disposable Face Mask can be used to protect oneself from airborne particles and liquid that can enter the airways. With 3 high-density filter layers, this mask prevents contamination from bacteria, dust, pollen, or coughing. It's made from high-efficiency fiber cloth that's breathable and hypoallergenic. It also has high-elastic ear loops and an adjustable nose bridge to ensure an ideal fit.

- UOM -1 (20count) box individually wrapped masks / MOQ -1 case (50 boxes)
- PurePurge™ reactive oxygen technology is shown to inactivate microorganisms (including bacteria and viruses)
- 3-layer filtering prevents contamination from bacteria, dust, pollen, or coughing
- Individually wrapped masks help prevent cross-contamination
- High-efficiency fiber cloth has great air permeability & is hypoallergenic
- Elastic ear loops make ears less compressed & more comfortable
- Built-in nose bridge clip adjusts to fit the face more closely
