

Our Services

IPL/Photo Facial - \$250-\$400

Safely and effectively treats a wide variety of skin concerns including: age/sun spots, freckles, redness, rosacea, fine lines, and broken capillaries.

Treatment areas: face, body

Professional Peels - \$200-\$250

Professional peels help restore skin tone, texture, and radiance. Customized peels revitalize your skin, decongest clogged pores, and improve superficial imperfections.

Treatment areas: face, neck

HydraFacial MD - \$275

A patented, award-winning Vortex technology treatment that cleanses, exfoliates, and infuses antioxidants to revitalize and protect skin. Brightens and evens skin tone.

Treatment areas: face, body

Our Services

Medical Facial - \$175

Medical grade skin care ingredients are used to target your skin concerns. Ideal for congested skin that requires extractions.

Treatment area: face

Laser Genesis - \$200-\$400

Laser Genesis is a non-invasive procedure that uses laser energy to promote healing and stimulate collagen production. This treatment can help rejuvenate the skin while improving the appearance of scarring, redness, enlarged pores, and fades post inflammatory hyperpigmentation. A series of treatments are required to see these benefits.

Treatment areas: face, body

Microneedling/Collagen Induction Therapy - \$350-\$550

Uses fine micro-needles to puncture the skin surface to treat scars, fine lines, and wrinkles.

Treatment areas: face, neck

**BOTOX®, JUVÉDERM®, Belkya™
and Sculptra®**

Our dermatologists offer injectables, such as BOTOX®, JUVÉDERM®, Belkya™ and Sculptra®.

Book a consultation with a dermatologist to see if injectables are right for you.

METVIX® Light Therapy

Did you know that overexposure to sun can cause a variety of skin issues such as precancerous and cancerous skin lesions? At DermEdge, we are proud to offer METVIX®, a simple, non-invasive light-based procedure to treat sun damage and abnormal skin growths.

Book a consultation with a dermatologist to learn about whether METVIX® light therapy is right for you.

Our Services

Laser Hair Removal - \$150+

GentleMax Pro delivers an intense but gentle burst of energy to target unwanted hair growth on all areas of the body. Good for all skin types. Patients can see results in as little as one session.

Vbeam Perfecta/Pulsed Dye Laser Treatment - \$200 - \$400

Safely and effectively treats rosacea, flashing, red spots, broken capillaries, scars, and acne marks.

Treatment areas: face, body

Facial Dermaplaning - \$175 - \$275

Dermaplaning is a non-invasive cosmetic treatment that involves removal of the dead skin cells and peach fuzz with a scalpel that can exfoliate up to two weeks of dead skin leaving your face brighter and smoother.

Treatment area: face

We offer medical grade skin care consultations
