

HERE FOR YOU

Allow me to be your advocate, helping you to cope with Medicare. As an independent insurance agent, I am not tied to any one insurance carrier. Instead, I research many top-rated insurance companies to find suitable options for your specific situation and budget.

I'm honored to serve veterans with complimentary consultations.

CONTACT ME

Reach out today for an in-person, or virtual appointment. There's no cost to meet.

MEDICARE CAN BE CONFUSING

With all the moving parts of Medicare, how do you know which plans you need and how much coverage is the suitable for your particular situation?

That's a tough question with a simple answer. I have the knowledge, tools and experience to help Veterans like you make sense of the Medicare program, and tailor it to your needs.

ARE YOU NEARING MEDICARE ELIGIBILITY?

I can conduct a no-cost consultation in order to determine any health care shortfalls. Then, using that information, I'll present suitable options based on your needs and budget.

I can help you through the entire process from the initial meeting to final enrollment. I don't believe in one-size-fits-all solutions, but base my recommendations on your specific situation.

MEDICARE SOLUTIONS TO COMPLEMENT YOUR COVERAGE

Did you know that Medicare Advantage (MA) plans can complement Veterans Affairs (VA) benefits? We know that most veteran beneficiaries do not have dental coverage at the VA.

MA PLANS CAN PROVIDE:

- Expanded networks which can potentially reduce wait times and travel distance for Veterans needing care
- Extra benefits not found in VA benefits

I GO BEYOND JUST PROVIDING COVERAGE

I don't meet with you, get you covered and then disappear. I would never do that, especially to our valued Veteran population.

I build a relationship with you! I know your needs can change over time. For that reason, I honor my obligation to do annual reviews of your situation, and make recommendations based on any changes.

In this way, I ensure that you are always covered by great plans to fit your particular needs!
