

BLUEGRASS  
DISTILLERS

- W E L C O M E -

# Bluegrass Distillers is a craft distillery in the heart of the Kentucky Bluegrass –

Where fast horses are bred and the best whiskey is made, Central Kentucky is known as the "heart of bourbon" and our hearts are poured into every batch.

Beginning our first mashes in 2013, we opened our doors to our first aged bottle sales in November of 2015. Known for our Kentucky grown Blue Corn Bourbon, we are constantly expanding both our product line and distribution. In Summer of 2020 we will be releasing our first Bottled in Bond Bourbon.

Aged over 4.5 years, our first ever Bottled-In-Bond bourbon will be released July 20th. 80% corn and 20% rye.
