

Superhero Lesson Plan:

Superheroes demonstrate acts of bravery, courage and determination to help others and save lives.

Part A

The Visual Art Assignment:

Students are asked to create pictures of superheroes in their own community doing amazing work. They can choose a local or national hero that is making a difference in the fight against Covid 19.

Choose your real hero. It could be a community hero in action (e.g., nurses, doctors, police, firefighters, TTC workers, caretakers, grocery clerks, garbage collectors, etc.). These heroes can not stay at home because we need them to risk their lives to help us stay healthy and keep our country strong!

Make a bold sketch or a colourful picture. Remember to add details to showcase their amazing abilities. What equipment does your superhero use (e.g, a cape, mask, special symbols, tools)?

Consider the background of your sketch: In what setting would you find your superhero?

Please submit your your picture to wefighttogether.ca/ This organization hopes to create a public gallery of images for all ages. Check it out! Your image could appear on the site!

Part B

Writing Assignment

For Primary: Read or Watch the Read Aloud of video: Eliot Jones, Midnight
BRAINSTORM: CHARACTERISTICS OF A SUPERHERO

This picture book conveys that heroes come in all shapes and sizes
unassuming individuals can do amazing things

Have students list some of the amazing deeds Eliot Jones did?

Then using the story plan attached

Create your own Amazing Superhero !

What powers will your superhero have ?

What is your Superhero's mission?

What are they fighting for / or against?

What does he or she look like? How old is your hero?

What character traits does he or she have?

How does your superhero help others? Who is the enemy? Who are you
saving? (e.g. sick people, the planet, animals, crime ,etc)

My Superhero Story Plan

Fictional (make believe) Superheroes usually have amazing abilities, they can fly, leap over buildings, and have super strength but real life heroes make a difference with their brains and bravery.

Right now we have superheroes around us fighting against the Covid-19 virus. Heroes are like nurses, doctors, scientists, firefighters, police, first responders, grocery clerks, TTC drivers and many more.. who risk their lives for others.

Create your own Amazing Story about a RealSuperhero in your community.

What powers will your superhero have ?

What is your Superhero's mission?

What are they fighting for / or against?

What does he or she look like? How old is your hero?

What character traits does he or she have?

How does your superhero help others?

Who is the enemy?

Pick the Heroic Adjectives for Your Hero

brave	scared
reliable	courageous
proud	caring
happy	generous
determined	selfless
fearless	confident
hard- working	inventive
humble	shy
strong	understanding
creative	smart

My Superhero's Name

<p>List your Superhero's Abilities</p> <ul style="list-style-type: none">----	<p>Describe your superhero's outfit and why they wear it.</p> <ul style="list-style-type: none">---
--	---

<p>Setting: Where would find your real hero?</p>	<p>Character(s): What other people work with your hero and what type people or animals need their help?</p>
<p>Problem:</p>	<p>Solution:</p>

Story Plan - Events in the Story

Write the main events that happen in point form.

Beginning:

(What was ?)

Middle:

(What happened to change it?)

End :

(What was the result ?)
