Dear Ms. Bialkowski,

I'm sorry you are feeling so much angst regarding your child's school, but your anger at this board is misplaced. Unfortunately, you have been given incorrect information. Mason Classical Academy is not on our upcoming agenda, nor has it been a topic of discussion. This board has made it clear that it wishes for MCA to stay open. As you stated, there are laws and procedures. We have respectfully asked for MCA's leadership to follow them as well. Yes, much of this SHOULD have been able to be handled quickly and quietly without much publicity, but unfortunately for everyone, that is not how some people choose to operate. Sometimes there are people who are antagonistic and seek drama. This makes me sad for everyone involved. I would love nothing more than for everyone to just move on, following the mediation agreement. Please encourage MCA's board to do the same.

Thank you for your email. Have a wonderful day.
