

Dear Community Partner,

ARG presents our 2nd Annual Rebels with A Cause Benefit Dinner. Our dinner will feature active pillars in our community as servers, silent and live auction, as well as live entertainment. All proceeds directly benefit the clients and programming of the AIDS Resource Group.

Annually, ARG provides free client centered case management, counseling, financial assistance, food pantry assistance, support groups, and rental assistance to over 230 HIV positive individuals and their families. Outreach services include education, counseling, HIV testing, Hepatitis C testing, Syphilis testing, and supportive programming provided to over 10,000 individuals each year. Supportive programs include free counseling, risk and harm reduction and harm reduction supplies, and community resource referrals based on client identified needs.

ARG strives to enhance community wellness through education, resources, and referrals. The community is encouraged to make healthier behavioral choices, set wellness goals, and access medical services. ARG endeavors to improve the lives of those infected with and impacted by HIV and Hep C through improving overall health and mental wellness, reducing risks factors associated with transmission, so healthier life choices take place.

As a community partner, you can be a Rebel with A Cause by sponsoring a table, participating as a Rebel Server, purchasing a ticket, and/or providing an auction item. All auction donations are tax deductible, along with table sponsorship.

As a table sponsor, your organization/company name will be displayed on the table. Each sponsor will receive 8 tickets per table sponsorship. A Rebel Server can be chosen and designated by the sponsor to serve the table. All table sponsors are listed as a Community Wellness Partner on our agency website and social media.

Any questions or concerns, please contact me, or Mason Reed.
