### THE PALETTE:

The palette is an unsung hero of painting. It's where you'll mix all those great hues for the CMJ class and then to create wondrous works of art. Although the variations of this tool might seem the same, not all palettes are created equal. I've listed my personal favorites with links below.

**For watercolors or acrylic paint:** you'll want to look for a palette with wells and opt for one that has ample mixing areas. If you choose watercolors, I recommend watercolor paints out of the tube, rather than “the pans”, as the paints out of the tube are liquid, and you need to activate the pans with water. There are pros and cons to both.

### WATERCOLOR PAINT PALETTE

I haven't used this palette, but it looks perfect.
