   John -Which phases are we doing right now?
   Cindy – We have the main range area for sure! Are we still a go for him to realign and properly place the ecology blocks
   John – How much additional was he charging?
   Cindy - $3000
   John – He will need to leave room for the tractor and brush hog to go through.
   Beth – I think it would be good to get it done now while we are shut down, instead of needing to shut down again to realign.
   John – moves to approve the change order, realigning the wall putting it square with the building. Cindy 2nd. Passed
4. Uprights – we will need to build and design new stands..
   John and Cindy will meet at Pro Build to pick up supplies and start construction

   John - Can we get dualling trees or something for people to have and use on the range?
   Cindy – which caliber?
   John – at least 22, most everyone has one
