### Club Record

A fish submitted for a club record may be taken from any location, there are no geographical limitations. For fish caught out of state you must submit a weigh-in slip including species name, length and weight on letterhead, or business card or invoice from that station signed by the weigh master, tournament chairman, or Captain of the vessel. A Club Record Form must be submitted to Ken Rylak and attached to the weigh-in slip from one of our official stations or other documentation as described above. The BOD shall approve all records before becoming official. Here are the guidelines for all "Catch & Release" Club Record submissions. Measurement formula for (ALL SPECIES) as follows: Length X Girth squared divided by 800. Example: Length 60" X 25" Girth squared = 37,500 Divided by 800 = 46.875 Lbs. Please Note: LENGTH is measured from the tip of the lower jaw to the fork of the tail and GIRTH is measured (circumference) at the widest part of the fish, usually behind the gill plate.

**One final note:** Perhaps this rule has not been properly communicated in the past but **you personally** have to catch the fish you enter in all of these contests/tournaments and not enter a fish caught by someone else on your boat. This is an **individual** contest and besides we are all friends and family and we expect **GOOD SPORTSMENSHIP**. Thank you, Good Fishing and be Safe out there.
