

Reflections

COLLECTION 2022

The glass within a gilded frame. The inverted world of a dew drop. The symmetrical patterns of butterfly wings.

Reflections are windows into the inner world, portals that exist on the thin surface between the material and the spiritual. Gaze into them, and they reveal the realm of creativity and imagination.

The jewelry you wear is like the reflection on the calm surface of an infinite pool, an image of you that holds more depth and meaning than one can fathom. It is born from that inner place, and when it rests on the surface of your being, it brings forth that which resides within.

It is the map of you.

More so than for others, your jewelry is for you to see, to discover, to know - just like a reflection.

*"I once had a dream that I was a butterfly,
fluttering hither & thither on the breeze...
When I awoke I wondered, am I a person
who dreamt of being a butterfly, or am I
now a butterfly, dreaming that I am me?"
~ Paraphrased from Zhuangzi's Butterfly Dream ~*

*"So Dan looked at Rachel and asked if, for real this time, she would marry him. According to Dan, Rachel let out a sparkling laugh of pure, perfect joy that he'd never heard before, as she said... **Yes.**"*
