

Student Face Covering Guide

FACE COVERING MEANS

A cloth or paper disposable mask, scarf, bandana, or religious face covering that covers the mouth and nose completely.

Please provide a mask for your student if possible. Disposable masks will be provided by TRM as needed. Please WASH cloth masks daily.

FACE COVERING DOES NOT MEAN

Any mask or other item that includes a valve, hole, gaps or openings to facilitate easier breathing, or is made of a material such as mesh with such openings. Safety goggles that cover only the eyes or only the eyes and nose.

FACE SHIELD MEANS

A clear face shield that extends below the chin in the front, to the ears on the sides and with no gap between the forehead and the headpiece.

*Face MASKS are recommended and preferred.

FACE COVERING REQUIRED

When moving through the building - including classrooms, hallways, communal spaces, and public spaces. When outdoors in situations where social distancing cannot be maintained. On all District provided transportation.

WEAR YOUR FACE COVERING CORRECTLY!

FACE COVERING EXEMPTIONS

- Individuals with a medical condition, mental health condition, or disability that makes it unreasonable to maintain a face covering.
- If there is a medical reason that a student cannot wear a face covering or face shield, a parent must present medical documentation.
- If there is a developmental or behavioral reason that a student cannot wear a face covering or a face shield, a parent must work with their 504 or IEP team.

FACE COVERINGS MAY BE TEMPORARILY REMOVED

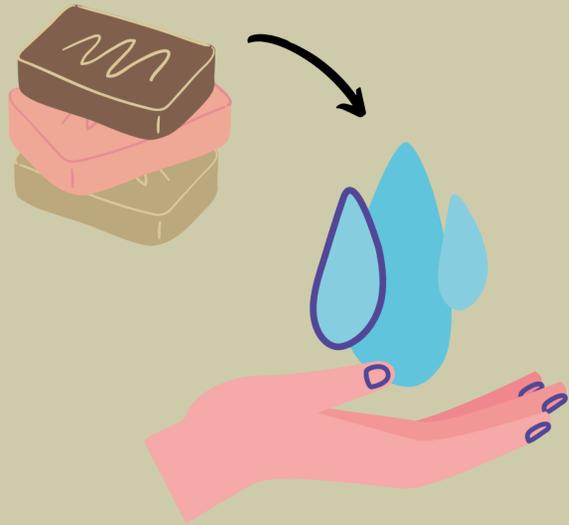

- During classes or activities held outdoors.
- To eat or drink, but care should be taken to maintain as much space as possible between people.

FACE COVERING ALTERNATIVES

Face coverings are preferred; however, face shields will be allowed for students if they comply with the above description of what a face shield is.

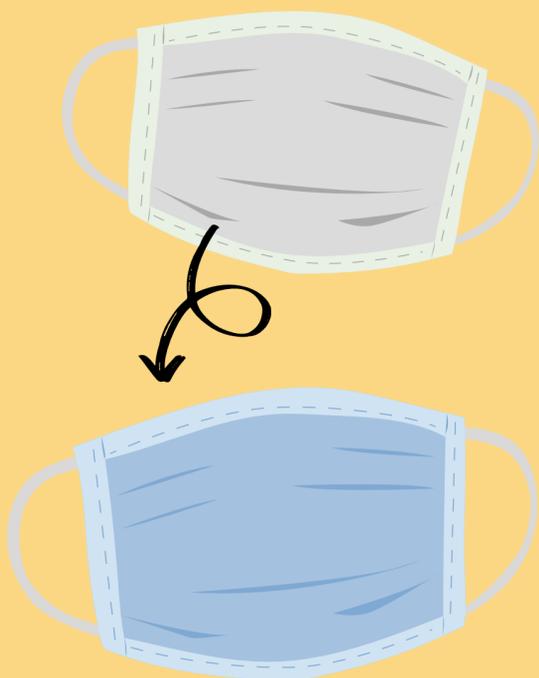

HOW TO USE A MASK

Before putting on a mask, clean hands with alcohol-based hand rub or soap and water.

Cover mouth and nose with mask and make sure there are no gaps between your face and the mask.

Replace the mask with a new one as soon as it is damp and do not re-use single-use masks.

To remove the mask: remove it from behind (do not touch the front of mask); discard immediately in a closed bin; clean hands with alcohol-based hand rub or soap and water.
