## A letter from our Executive Director:

Dear Families,

Three Rivers Montessori is all about children. As the Executive Director, I am honored to serve in this position along-side a caring staff of people.

From the very beginning, a Montessori teacher's aim is to build confidence, self-esteem and foster the development of executive functioning skills so children succeed in rising to their potential. The Montessori classroom is a place where students can grow academically, emotionally, socially and mature into a positively contributing member of society. Here at Three Rivers Montessori, I see children working, focused, determined, responsible, and joyful during their day. What a great place to be as a learner.

Transitioning to a new school year can be difficult for some. However, children are remarkably resilient, and they adapt in ways we often underestimate. By focusing on the positives, you not only ease your own worries but also help set the stage for your child's success. Focus on what is going right and see challenges as opportunities for growth. If ever you have worries or concerns, please contact your child's teacher or me. The staff at TRM is always ready to help you.

BOOK FAIR

This October we will be hosting the Scholastic Book Fair during our Fall Parent/Teacher Conferences. This is a great way to encourage reading at home and find new and exciting books! We will be sending home more information as we get closer to the Fair.
