Mrs. Garguilo

Hello Saint Anthony Junior High Students,

This "thing" (COVID 19/Coronavirus), we are all a part of, this is living history. You as students are a part of it. This "thing" will be talked about for generations to come. Schools are closed, sports are cancelled, people are being quarantined on a GLOBAL level. What I want you to do for the remainder of the week is to keep a daily journal. Handwritten, typed, you can even include drawings of your fears and feelings. This will become a tangible (something that can be touched/felt) primary source of YOUR own history.

Directions: For the remainder of the week, take time each day (Tuesday-Friday) and journal how you are feeling about the events that are currently happening in our world today. Your only requirement is that your daily entries MUST BE 2 paragraphs minimum. If you are doing your work electronically, please send them to me at sgarguilo@stantschool if you do not have access to the internet, please write your daily journal entries and text me a picture, INCLUDE YOUR NAME on your assignment and send to: 928 358 3330. Hang in there and hope to see you soon.

Truly,

Mrs Garguilo
