

Packet # 8 May 11th - 15th

Hello SA 5th Grade Parent's,

I would like to wish all the mother's a very Happy Mother's Day! I hope you all have a relaxing and blessed day :) YOU ALL DESERVE IT!!

Attached is packet #8. The last packet of 2019/2020 school year. I would like you to know that I am so grateful and blessed to have been able to educate your student this school year. Even though I was not able to be in the classroom with them for the past two months, I feel that they will have a successful 6th grade school year. I was really looking forward to having this class because I have been volunteering with this group of students since they were in kindergarten. When they were in 2nd grade I started teaching 5th grade at SA. I could not wait until I was able to teach them their 5th grade year and prepare them for junior high. Finally that year came and I had so many fun activities and field trips planned for them unfortunately we were not able to do them. Thank goodness we were able to go on our field trip to Bearizona. I think they all had a great time. I hope this will be one of their memories from 5th grade. I would like to THANK all the parents for allowing me to be part of your child's life. I will miss taking them to daily mass and taking them to say the rosary. There were times when we would go to mass to say a rosary and were not going to attend daily mass but then the kiddos would ask if we could stay for daily mass. I rarely said No when they would ask to stay for mass. Your children have a fire for GOD that I hope and pray will continue throughout their whole life. I will always keep them in my prayers. This class is very intelligent, respectful, unique and a very funny group of students. I will truly miss them all but I will never forget them. Thank you parents for all your hard work and dedication to your children. I hope the packets were not too stressful. I'm sure the kids were okay with the packets because they truly worked very hard each day they were in my classroom. Please have a safe and blessed summer! May God bless you and my special student's.

Mrs. Verdugo

5th Graders,

Thank you for being an awesome class!! Remember to always put God first, never lose hope and you will succeed in anything you choose to do in life.

Love,

Mrs. Verdugo
