Developing a Child's Mind, Body, & Soul

SA Staff & Families,

Governor Doug Ducey announced on March 20, 2020 a two-week extension of school closures through **Friday, April 10, 2020**. The goal of their decision is to get the students back to school as soon as possible without compromising their health as well as providing parents, caregivers and school staff time to prepare a course of action.

At this time, St. Anthony School will be preparing an at home flexible learning framework that will be designed to help students practice their skills and learn independently during our facility closure. **SA Staff will be working and planning to provide more information that will be provided to parents by the end of business on Monday, March 23rd. Your teachers will email a communication with further instructions at the end of the day on Monday.**

Throughout the school facility closure our school office hours will be 9:00 a.m. to 3:00 p.m. to answer phone calls. Please leave a message if we are unable to answer and we will return your call as soon as possible.

St. Anthony School will continue to monitor and work with our school community to determine what is best for all stakeholders throughout the COVID-19 pandemic.

We appreciate everyone's cooperation and understanding throughout this situation and we will continue to update you and provide as much information as possible. We encourage all our families to continue to practice social-distancing, hand-washing hygiene and common sense during the school facility closure.

If you have any questions, please feel free to email me at: byorksmith@stantschool.org.

God Bless,

Bryan Yorksmith
Principal - St. Anthony School
