BLACK CLIP™ SCREWS

Precision Fastening. Marine-Grade Performance.

A4 316 stainless steel BLACK CLIP™ SCREWS feature a Torx drive, Type 17 self-drilling point and tapered design for accurate installation and long-lasting corrosion resistance.

BLACK CLIP™ SCREWS

A SCREW AS EXCEPTIONAL AS THE BLACK CLIP™

Engineered for demanding outdoor applications, the BLACK CLIP™ SCREW combines precision fastening with marine-grade durability. Manufactured from 316 stainless steel with a black oxide coating, it delivers exceptional resistance to corrosion, humidity and coastal environments while ensuring secure, long-lasting performance.

Designed to work seamlessly with the BLACK CLIP™ under-decking fastening system, its Torx drive, Type 17 self-drilling point and tapered profile allow for smooth installation, reduced timber splitting and reliable fastening with minimal pre-drilling.

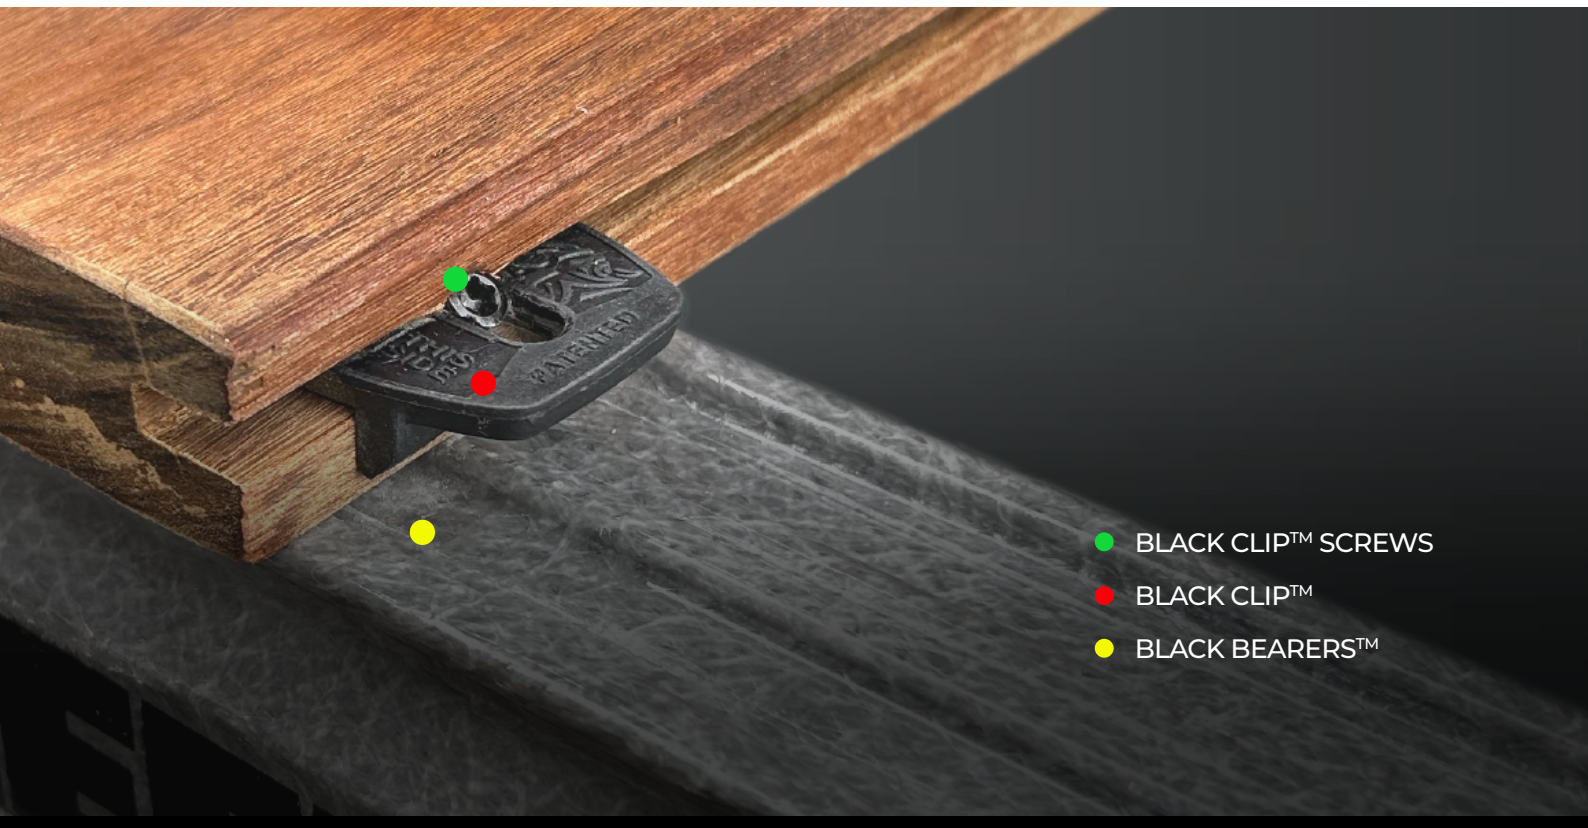

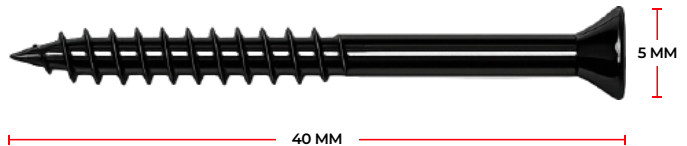

Torx drive ensuring high tightening torque and precise fastening.

A4 (316) stainless steel with high corrosion resistance, suitable for marine environments.

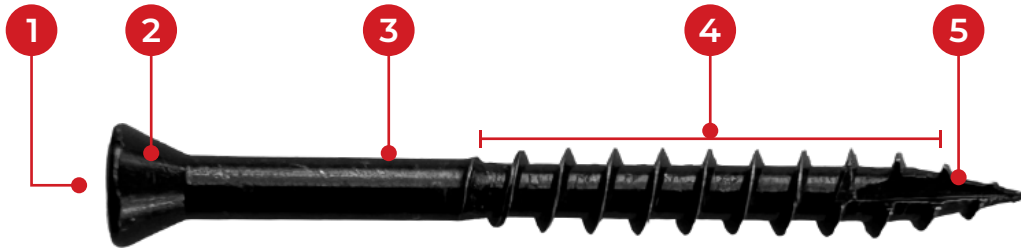

Suitable for outdoor applications and various weather conditions.

- BLACK CLIP™ SCREWS
- BLACK CLIP™
- BLACK BEARERS™

TECHNICAL DETAILS

1 TORX DRIVE (TX)

- 
- Precision Torque Engagement
 - High torque transfer
 - No slipping or cam-out
 - Precise fastening control

4 DEEP THREAD PROFILE

- 
- Strong Timber Anchoring
 - Enhanced holding power
 - Superior timber grip
 - Secure decking fixation

2 REDUCED COUNTERSUNK HEAD

- 
- Clean and Discreet Finish
 - Minimal visual impact
 - Clean installation appearance

5 SELF DRILLING POINT - TYPE 17

- 
- Fast and Controlled Penetration
 - Reduced wood splitting
 - Faster installation
 - Minimal pre-drilling required

3 316 STAINLESS STEEL

- 
- Marine-Grade Corrosion Resistance
 - Exceptional corrosion resistance
 - Coastal & outdoor durability
 - Moisture resistant performance

The “Tropicalized” label represents a quality standard achieved through product testing in tropical conditions. All products must be used in accordance with recommended best practices.
