

# FAMILY kids time @home

## March 25

Hello families,

This season of isolation provides a unique opportunity for us as families to spend a lot more time together without being quite so busy.

I want to share a few ideas with you to help you enjoy some of that time together picking up on the themes we've been talking about at Kids Time. We have been talking about Living Like a Spiritual ACE, in Christ we are Accepted, Connected, and Equipped. All of us, no matter our age, are part of the body of Christ, created in God's image, and able to bless others.

Today's suggestions will all pick up on the idea of being Accepted. Next week will be about Connected, and the week after will focus on Equipped.

May God bless your time at home as a Family.

# FAMILY Kids time @home

Powerful God, thank you that because I am your child,  
I am Accepted, Connected, and Equipped. Please help me to be a blessing.

## Game

Grab a pair of dice. One person chooses a number between 1-6 and starts with the dice. Open a stopwatch on your phone and hit start. Take turns rolling until everyone has rolled doubles of the *accepted* number. Stop the timer. How long did it take? See if you can beat your time.

## Craft

Make some glasses to help you see yourself the way God does. Use the [template](#) or design your own glasses to cut out from paper or better yet cardstock or cardboard. Decorate them to give them your own style. Cover the lenses with clear plastic from some packaging. Once the clear plastic is in place, write something on the lens like accepted or loved or even just a big check mark. Put on your glasses and look in the mirror to see yourself the way God sees you. (Write on the inside of the lens, so that it reflects the right way around.)

## Activity

We've been looking at the life of the Apostle Paul as an example of what living like a Spiritual ACE looks like. Paul wasn't concerned about how other people looked at him, because he knew how God looked at him and accepted him. He went to unbelievable lengths to bring the Good News of life in Christ to the world.

Take some post-it notes and draw crosses on them and deliver that good news to the far reaches of your residence. The goal is for the kids to put a post-it note on every door. Parents can either make obstacle courses to make it more difficult or turn it into a tag game like reverse capture the flag.
