

KIDS PAGE - JULY 19

Inner Healing

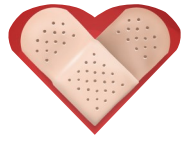

- ♥ Sometimes things happen in life that hurt us on the inside, but God wants us to be whole and healthy.
- ♥ We especially need to watch out for feeling rejected. Lots of little things can happen that make us feel rejected and sometimes big things happen.
- ♥ When we feel rejected it's like a seed is planted in our hearts. If we let it stay there it will grow roots and fill our hearts, and then there's not as much room for joy.
- ♥ God always accepts us and He can help us to forgive people that make us feel rejected.
- ♥ If we forgive, it takes the seed of rejection away, before it grows roots. It helps us to show love.
- ♥ Colour these broken hearts and make them whole to get started.

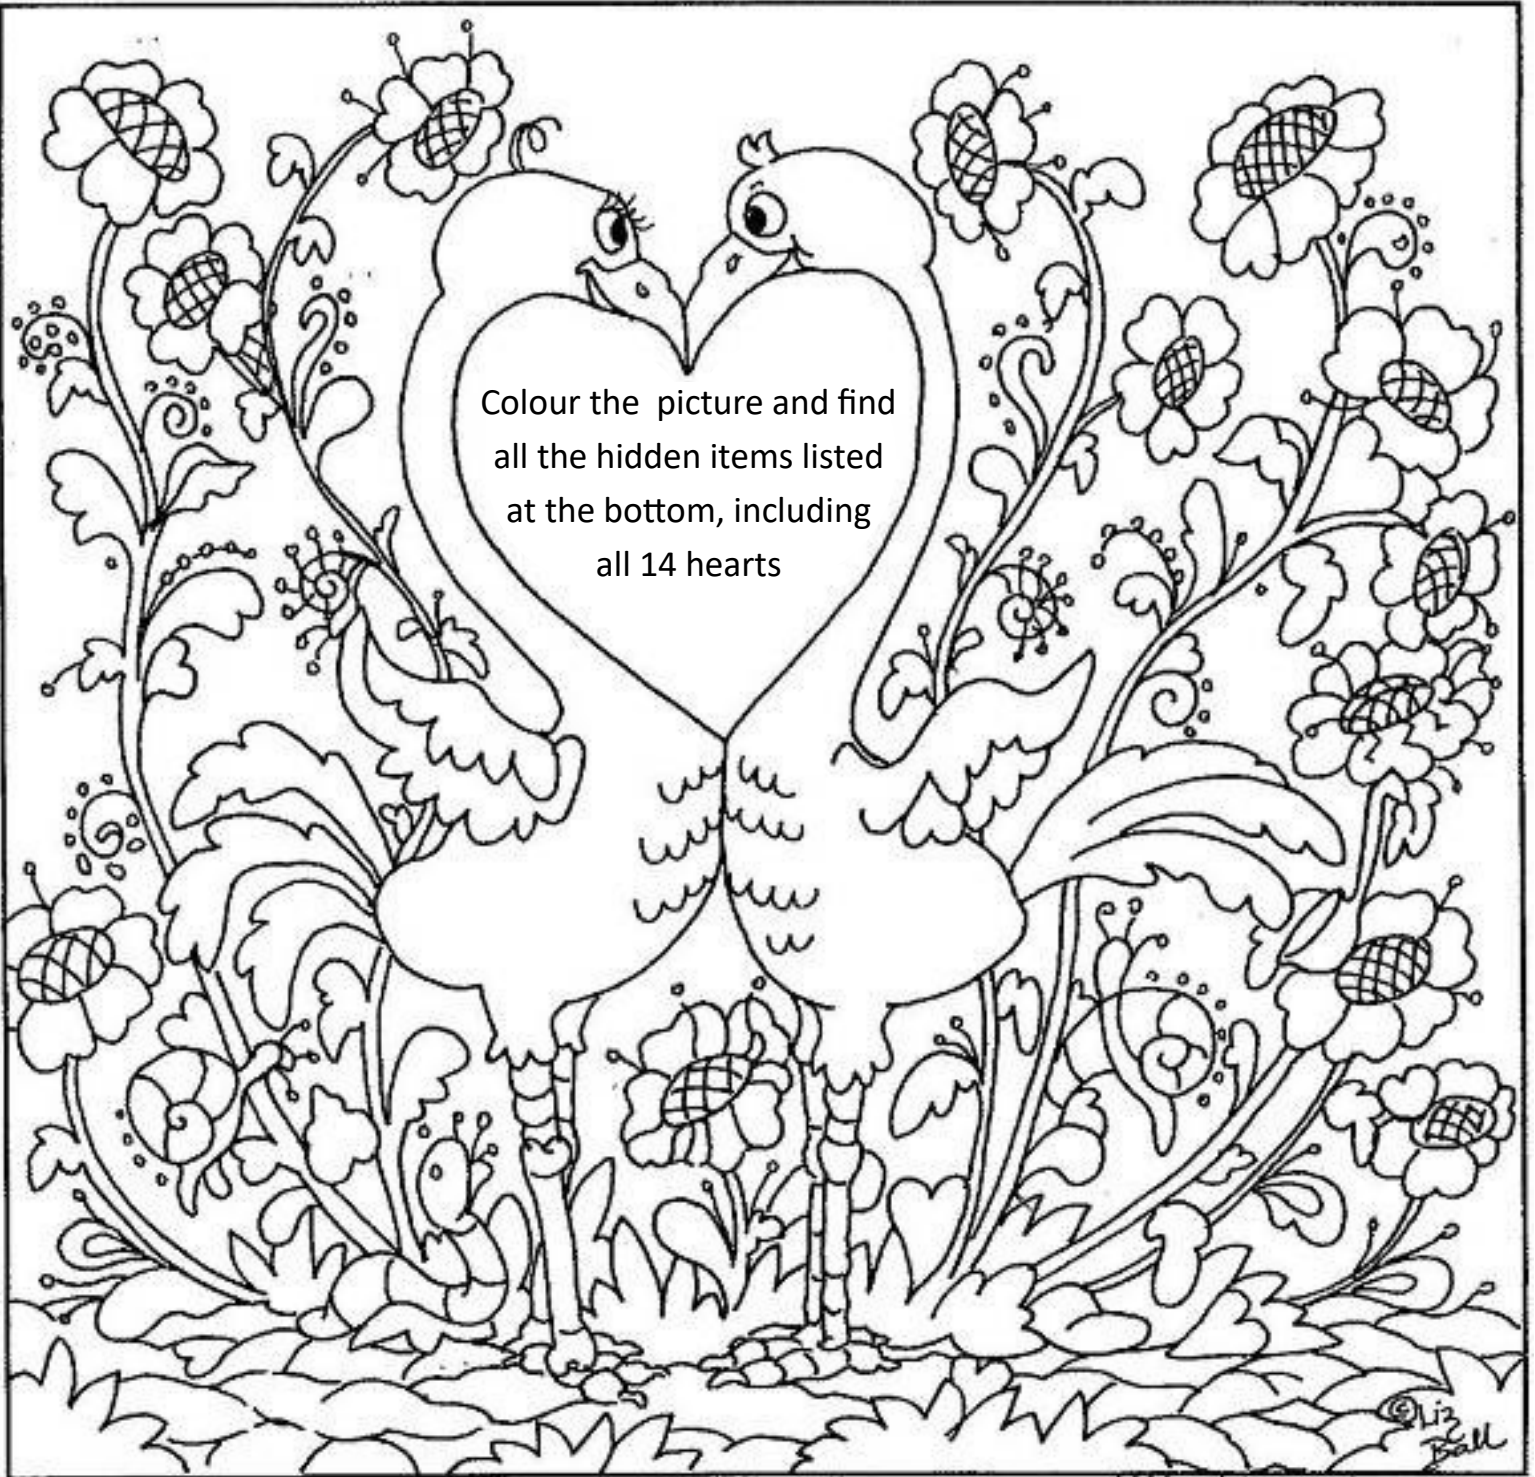

Turn the page upside down and draw leaves and fruit onto the roots to make it look like a healthy tree to remind us of how God can turn things around and heal us from the hurts we feel on the inside.

Colour the picture and find all the hidden items listed at the bottom, including all 14 hearts
