

CERTIFICATE OF AMENDMENT

TO

DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS

FOR

COUNTRY CLUB HILLS COMMUNITY ASSOCIATION

THIS AMENDMENT to the Declaration of Covenants, Conditions and Restrictions ("CC&Rs") for Country Club Hills Community Association, a Nevada non-profit corporation (the "Association") is made this 26th day of APRIL, 2002, with reference to the following facts:

A. The Association's CC&Rs were recorded in Book No. 911218, as Instrument No. 01031 in the official records of the County Recorder's Office of Clark County, Nevada, on December 18, 1991, and amended by those certain documents recorded in Book No. 921217, as Instrument No. 01095, in the official records of the County Recorder's Office of Clark County, Nevada, on December 17, 1992, and recorded in Book No. 20001018, as Instrument No. 01594 in the official records of the County Recorder's Office of Clark County, Nevada, on October 18, 2000, and encumber that certain property described in Exhibit "A" hereto.

B. Article XV, Section 15.2(b) of the Association's CC&Rs provides that "Owners" may amend the Declaration upon the approval of sixty-seven percent (67%) of the voting power of the Association.

C. The consent of the requisite number of "Owners" of the Association having been obtained as such term is defined in the CC&Rs, the CC&Rs are amended as set forth herein.

*Mailed
6-1-02*

NOW, THEREFORE, IN CONSIDERATION OF THE FOREGOING:

1. Article IV, Section 4.16 of the CC&Rs, as amended, is hereby deleted in its entirety and replaced with the following:

"Section 4.16: Landscaping. All landscaping improvements on those portions of the front, side and rear yards and the courtyards of each Owner's Lot which are visible from any Private Street, Public Street, within or outside the Development, Common Area or the Golf Course Property must be approved by the Design Review Committee and the Design Review Committee of Summerlin Community Association prior to installation or construction thereof. One of the continuing objectives of the Development shall be to ensure continuity and visual quality of the neighborhood image of the Development. The criteria set forth in this Declaration is intended to provide minimum standards for creating and maintaining the continuity and visual quality of the neighborhood image and character.

Each Participating Builder shall install landscaping for each Lot in the Development constructed by such Participating Builder for such portion of each Lot which shall include only the front yard area which shall be all portions of the front yard outside the courtyard wall to the street, plus the side yard from the side yard wall return to the street, and the corner yard landscape.

(a) All landscaping installed by the Participating Builder in the front yard outside the court yard wall to the end of the Lot and any other area on a Owner's Lot outside the Owner's perimeter walls and visible from outside such Lot (the "Participating Builder Installed Landscaping Area") shall be maintained by the Sub-Association or the Owner of the Lot as follows:

(1) The Sub-Association shall maintain and replace, at its expense, all landscaping originally installed in the Participating Builder Installed Landscaping Area by the Participating Builder. The replacement cost of any trees in the Participating Builder Installed Landscaping Area installed by the Participating Builder shall be limited to a 24" box. Insofar as palm trees were not originally installed by the Participating Builder, the Sub-Association shall not be responsible for the care or replacement of any of the palm trees in the Participating Builder Installed Landscaping Area.

(2) In order to maintain the lush green look that characterizes the Sub-Association, the Sub-Association will select plants listed on the following table for the replacement of all Builder-installed plants:

Commonly Available Plants		
Shrubs	Ornamentals	Perennial Groundcovers
Boxwood (all types)	Butterfly Iris	Candy Tuft
Cottoneaster/Clusterberry	Daylily	Carolina Jasmine
Dwarf Myrtle	Lily Turf	Gazania
Euonymus (all types)	Lily-of-the-Nile	Star Jasmine
Hawthorn (all types)	Mondo Grass	Trailing Lantana
Heavenly Bamboo (Nandina)	Red Flax	Verbena
Mock Orange (all types)	Red Salvia (Sage)	
Photinia	Regal Mist Grass	
Pyracantha		

(3) The Sub-Association shall also maintain, at its expense, all other plants installed in the Participating Builder Installed Landscaping Area which were not installed by the Participating Builder, except for palm trees, annuals and/or specialty plants. For purposes hereof "Specialty Plants" shall mean all plants or trees except those included in the chart above as "Commonly Available Plants". Owners shall be responsible to pay for the installation, care and replacement of any palm trees, annuals and/or specialty plants in their Participating Builder Installed Landscaping Area. The only types of palm trees which will be allowed are sago or Mediterranean fan palm (*humilis*) varieties. Owners shall be required to disclose such responsibilities to all potential buyers if the unit is sold.

(4) No Owner may alter any landscaping in his or her Participating Builder Installed Landscaping Area without the prior approval of the Design Review Committee. Any Owner who removes, modifies, or changes the Participating Builder Installed Landscaping Area without the approval of the Design Review Committee shall be liable for the cost of the Sub-Association to restore the Participating Builder Installed Landscaping Area, to its pre-alteration condition.

(5) Neither the Sub-Association, nor the Board, nor any member thereof, nor any member of any committee appointed by the Board, nor the officers of the Board, nor any of them, nor the management agent or the Sub-Association's employees shall be liable for any failure to provide any landscaping maintenance required by this Section unless

caused by the gross negligence of the Association, its Board, officers, manager, or employees. In addition to any other responsibilities hereunder, or at law, each Owner shall be responsible for any landscaping costs resulting from that Owner's intentional act or negligence.

(6) Except with respect to the Participating Builder Installed Landscaping Area as set forth herein, each Owner shall be responsible for maintaining, repairing or replacing all landscaping and plants on his or her own Lot.

(b) All irrigation of the landscaping installed by the Participating Builder shall be controlled solely by the Sub-Association, its agents, employees and contractors. If irrigation system changes are required to the Participating Builder Installed Landscaping Area in connection with any proposed changes thereto by Owner, Owner shall submit such proposed changes to the Design Review Committee with any submittal evidencing the proposed change to the Participating Builder Installed Landscaping Area. If the Design Review Committee approves such change to the irrigation system, the Owner shall be responsible for having a qualified person make such changes and the cost thereof. The Owner shall be responsible for all damages arising therefrom, which the Association shall have a right to collect from such Owner in the same manner the Association may collect for damages to the Common Area by such Owner pursuant to this Declaration or at law. Any Owner who makes changes to the irrigation system in the Participating Builder Installed Landscaping Area must utilize parts that are compatible and designed for the existing system, including, but not limited to, clocks, valves, wiring and piping. Once any changes approved by the Association have been made by the Owner appropriately, the Association shall accept responsibility for future maintenance, repair and replacement of such irrigation system changes.

(c) Except as set forth herein, all portions of each Lot shall be maintained by each Lot Owner consistent with this Declaration and all rules, regulations and criteria enacted or adopted from time to time by the Sub-Association and the Design Review Committee. All landscaping improvements shall be approved by the Design Review Committee and the Design Review Committee of Summerlin Community Association.

(1) Landscape in the courtyard area of each Lot shall reinforce the imagery of the street as well as the residence itself, blending plants and architecture so that the plants and building seem to be one. Plantings in masses and adjacent to buildings shall produce a recognizable theme, yet provide diversity along the street. The use of drought-resistant, low-water use plant material appropriate to the desert climate of Las Vegas shall be encouraged in the courtyard and rear yards of all Lots. The use

of large, expansive turf areas shall not be permitted. The Declarant, any Participating Builder, and the Sub-Association shall encourage Lot Owners to be responsive to contemporary environmental concerns regarding water conservation and shall reflect this philosophy in the landscape design criteria of the Development. To the extent not inconsistent with the provisions hereof, the use of shrubbery shall offer flexibility and creativity and shall be used to express individual character. Design elements of shrubs such as form, foliage color, texture, size and flower shall help achieve individuality. Location of trees shall be limited to areas which will not interfere or create a nuisance to neighboring properties upon maturity. Plant materials shall be located to insure safe traffic site lines and visibility of signage. Hazards to pedestrians and traffic which shall or may be created by plant debris or litter shall be minimized. All trees shall be nursery grown, free of disease, and of good habit and shall represent the best qualities of their species. Sizing shall be as specified by the Arizona Nurserymen Association standards. The landscape areas of the courtyards of each Lot shall not have more than fifty percent (50%) coverage of non-living, non-organic material. Massed shrubbery and large ground cover beds shall be encouraged along with minimal but useable turf areas. Bare soil shall not be permitted. Street trees provided by the Declarant or any Participating Builder, or the Sub-Association shall not be included as part of any quantity requirements set forth herein. The minimum number of trees and their sizes required for the courtyard area of each Lot shall be as follows: Two (2) twenty-four (24) inch boxed trees.

(2) Turf: All grass must be fescue blend, hybridized bermuda blend or annual ryegrass developed for use in the desert. Common bermuda grass is not permitted.

(3) Plant Materials: Plant materials provide shade, windbreaks, accents and screening in the landscape. Where structures are present, plants should complement the style and scale of architecture. The Declarant, Participating Builders, and Sub-Association encourage Lot Owners to select plants which are hardy to the Las Vegas climate, soil conditions and wind experienced in this area. Additionally, the Declarant, Participating Builders and Sub-Association encourage the use of water conserving plant material as a conservation measure in recognition of the natural desert environment. A list of recommended trees, shrubs and ground covers is provided as Exhibit "B" attached hereto.

(4) Installation: Lot Owners must install plant materials in a manner generally acceptable to the horticultural practices of the area and in a manner which will maximize chances of survival.

(5) Maintenance: Except as provided in sub-section (a), above, lot Owners are expected to maintain the landscaping on their Lots in good condition at all times. This includes weekly lawn mowing, pruning trees and shrubs, fertilizing, watering, removal of dead plants or parts of plants, replacement of plants and overseeding of lawn areas and removal of debris.

(6) Recommended Plant List: Lot Owners are encouraged to select only those species indicated on the attached recommended plant list. Other species are subject to approval at the sole discretion of the Design Review Committee and the Design Review Committee of Summerlin Community Association.

(7) Prohibited Plants: The following plants are prohibited:

BOTANICAL NAME	COMMON NAME
Cynodn dactylon	Common Bermuda Grass
Morus alba	Mulberry Species
Nerium oleander	Oleander Species
Olea europaea	Common Olive
Populus species	Cottonwood

(8) Landscape Lighting: Lot Owners are encouraged to use landscape lighting to enhance their residence and yard. Only indirect low level lighting is permitted. No lighting which causes glare, discomfort or disrupts the visual environment of the neighboring residences and yards is permitted. Any lights mounted higher than six (6) feet off the ground must be pointed downward and away from neighboring residences. No light on any building, tree, pole, or any other vertical element within a Lot may be located higher than the eaves of the house. Ground mounted spotlights and uplights are acceptable provided they point towards the building and do not provide nuisance light levels in adjacent Lots.

(9) All landscaping installation and construction on a Lot shall take place within one hundred twenty (120) days following conveyance of such Lot from Declarant or a Participating Builder to the Owner of such Lot, other than Declarant or Participating Builder, and the installation and construction thereof shall be substantially complete within one hundred fifty (150) days of such conveyance referred to above. Thereafter, the landscaping shall be maintained in a neat and attractive condition, including all necessary gardening, pruning, and mowing, and shall be properly maintained and periodically replaced when necessary by the Sub-Association or other responsible party as outlined above with respect to the specifically defined area set forth herein-above, and the Owner with respect to all other areas on each Lot. No plants or seeds

infected with insects or plant diseases shall be brought upon, grown or maintained within the Development. The Board of Directors of the Sub-Association may adopt additional rules and regulations to maintain landscaping in conformance with the general principles set forth herein.

(d) If any Owner fails to install and maintain landscaping in conformity with such rules and regulations of this Declaration, or allows the landscaping on any Lot to deteriorate to an unsightly or unattractive condition, or fails to replace any dead plant materials within a reasonable period of time as established by the Board of Directors of the Sub-Association, then the Board of Directors, upon thirty (30) days' prior written notice to such owner, shall have the right to seek any remedy at law or in equity which the Sub-Association may have to correct such condition, or after notice and a hearing, to enter upon the Owner's property and Lot for the purpose of maintaining or replacing the landscaping in conformity with this Declaration and the rules and regulations of the Board of Directors. Such Owners shall thereafter promptly reimburse the Sub-Association for the cost of such corrective procedures. Such costs shall be a special assessment and enforceable in the manner set forth in this Declaration.

(e) Following installation of landscaping improvements, no Owner shall remove, alter, or replace such improvements without the specific written consent of the Design Review Committee and the Design Review Committee of the Summerlin Community Association."

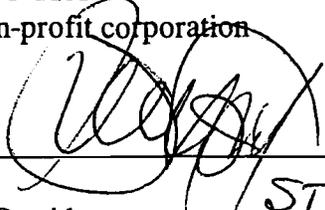

2. Except as the same is hereinabove amended, the CC&Rs and each and every provision thereof, shall continue in full force and effect.

IN WITNESS WHEREOF, the undersigned President of Country Club Hills Community Association has executed this Certificate of Amendment to the CC&Rs, as of the date first written above, evidencing the amendments to the CC&Rs contained herein.

COUNTRY CLUB HILLS COMMUNITY ASSOCIATION,
a non-profit corporation

By: _____

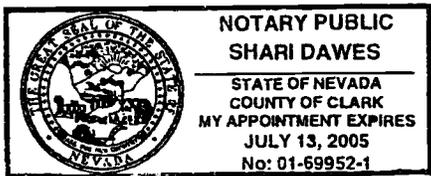

Its: President

STEVE CASEY

STATE OF NEVADA)
) ss.
COUNTY OF CLARK)

On this 26th day of April, 2002, before me, Shari Dawes,
a Notary Public, State of Nevada, duly commissioned and sworn, personally appeared
Steven S. Casey, personally known to me (or proved to me on the basis
of satisfactory evidence) to be the person who executed the within instrument as President (or
Secretary) or on behalf of the corporation therein named, and acknowledged to me that the
corporation executed it.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official
seal in the County of Clark, the day and year in this certificate above written.

The North 1/2 North 1/2 of Section 13;

AND

The North 1/2 North 1/2 of Section 14;

9 0 0 9 2 5 0 1 2 7 4

TOGETHER WITH AND INCLUDING:

Those certain portions of Township 21 South, Range 59, East, M.D.M., of said County of Clark, State of Nevada, more particularly described as follows:

The East 1/2 and the East 1/2 West 1/2 and the East 1/2 West 1/2 West 1/2 and the West 1/2 Southwest 1/4 Southwest 1/4 and the Northwest 1/4 Northwest 1/4 Northwest 1/4 of Section 11;

AND

All of Sections 23 and 24;

AND

All of Section 25, except the West 1/2 Southwest 1/4 Southwest 1/4 and also excepting the Southwest 1/4 Northwest 1/4 Southwest 1/4 of said Section 25;

AND

The North 1/2 Northeast 1/4 and the North 1/2 South 1/2 Northeast 1/4 and the East 1/2 Northeast 1/4 Northwest 1/4 of Section 36;

AND

All of Section 13, except the North 1/2 North 1/2 of said Section 13;

AND

All of Section 14, except the North 1/2 North 1/2 of said Section 14.

EXCEPTING FROM THE ABOVE DESCRIBED PARCEL OF LAND those certain portions of land more particularly described as follows:

Parcel 1 (containing 4,863.2 acres) shown on Page 27 of File 58 of Parcel Maps of Clark County Nevada Records,

AND

Parcel 2 (containing 438.7 acres) shown on Page 27 of File 58 of Parcel Maps of Clark County Nevada Records;

AND

Parcel 2 (containing 682.117 acres) shown on Page 83 of File 52 of Parcel Maps of Clark County Nevada Records;

AND

Parcel 1 (containing 1,050.058 acres) as shown on Page 09 of File 54 of Parcel Maps of Clark County Nevada Records;

AND

Parcel 2 (containing 303.947 acres) shown on Page 09 of File 54 of Parcel Maps of Clark County Nevada Records;

AND

Parcel 2 (containing 22.934 acres) as shown on Page 82 of File 54 of Parcel Maps of Clark County Nevada Records.

FURTHER EXCEPTING FROM SAID PARCEL OF LAND: all of Lots 1 through 13 And Lot 15 And Lot "A" And all of Lots "C" through "G" as shown upon the "AMENDED PLAT OF SUMMERLIN VILLAGE 1 NORTH" subdivision, as recorded in Book 045 of Plats, Page 0016, in the Office of the County Recorder, Clark County, Nevada.

9 0 0 9 2 5 0 1 2 7 4

LEGAL DESCRIPTION CONTINUED

Said Parcel of Land, comprised of all above described portions and exceptions therefrom, is subject to reservations, restrictions and conditions (as may exist), right of way interests and easements either of record or actually existing on the property.
